

MANCHESTER CITY COUNCIL

REPORT FOR INFORMATION

COMMITTEE: Social Strategy Overview and Scrutiny Committee

DATE: 6 September 2006

SUBJECT: Implementation of the Gambling Act 2005 – Draft statement of gambling policy and proposed consultation process

REPORT OF: Head of Environmental Services

Purpose of the report

To present the Committee with a draft statement of our gambling policy and inform them of the consultation process.

Recommendation

That the committee notes the attached draft policy and consultation strategy as outlined below.

Financial Consequences for the Revenue Budget

Fees for licences and authorisations have yet to be set by regulation but the effect is intended to be revenue neutral.

Financial Consequences for the Capital Budget

None

REPORT

Background

1. Members will be aware that under existing legislation, with the exception of amusements with prizes, the responsibility for regulating commercial gambling in Great Britain lies with the Magistrates' Courts.
2. The Gambling Act 2005 ("GA2005") transfers responsibility from the Magistrates to local authorities and a newly established Gambling Commission.
3. Overall responsibility for the GA2005 will be shared between local authorities and the Commission. The Gambling Commission is responsible for issuing statutory guidance and codes of practice to local authorities.
4. GA2005 covers all forms of gambling in the UK except the National Lottery, which is governed by a separate Act, and spread betting, which is governed by the Financial Services Authority. (Spread betting generally relates to city professionals placing a spread bet on how much they think the stock exchange will go up or down, but it can be on anything - football, rugby, cricket, tennis, Big Brother to name but a few)
5. The GA2005 received Royal Assent on 7 April 2005 and is expected to come fully into force in September 2007, with a transitional phase expected to start in January 2007.
6. On a date yet to be confirmed, but likely to be 31 January 2007, it is expected that Manchester City Council will take over responsibility for receiving licence and permit applications for all forms of commercial gambling in Manchester. This will include bookmakers, amusement arcades, casinos, dog and horseracing tracks, gaming machines in pubs, and bingo halls.
7. The Act provides for three new types of licence: operating licences, premises licences and personal licences, as well as several other permits and permissions including an authorisation to allow premises to temporarily provide gambling.
8. The Gambling Commission will be responsible for issuing operating and personal licences. Local licensing authorities will be responsible for determining premises licences and other permits. The presumption is that gambling will be permitted, with licensing authorities able to impose licence conditions where appropriate.

9. The Act also provides for three new types of casinos: 1 regional, 8 large and 8 small. The Secretary of State retains the right, with approval of Parliament, to increase the number of regional casinos to 8.

Licensing Objectives

10. The Act introduces three licensing objectives:
- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
 - Ensuring that gambling is conducted in a fair and open way
 - Protecting children and other vulnerable persons from being harmed or exploited by gambling.
11. It should be noted that these are similar to but not identical to the objectives under the Licensing Act 2003. There is, for example, no provision for preventing public nuisance or public safety. There is, however, the additional provision for protecting vulnerable persons.

Other Changes

12. Key changes are:
- Current restrictions on where casinos are located i.e. 'permitted areas' are abolished. (Under current laws only those county boroughs with a population of over 125,000 in 1973 are permitted casinos)
 - The demand test for existence of casinos is abolished
 - The requirement to have 24-hour membership for casinos/bingo premises is abolished
 - Fast food outlets and taxi/minicab bases will no longer be able to provide gaming machines for their customers

Estimated numbers of premises in Manchester

13. Our estimates suggest that Manchester has 18 bookmakers, 106 betting offices, 8 casinos, 5 bingo clubs, 513 premises with amusements with prizes machines (AWPs), 6 amusement arcades and 1 track.
14. Members will also be aware that Manchester has been shortlisted in a competition for the right to award a regional casino licence. If we are successful in this competition, we will be required to run a competition of our own to select an operator. The operator will be required to run the casino in a way which complies with the Gambling Act and our gambling policy and must outline proposals, which will give the greatest benefit to the Manchester area. The two-stage competition we will run will be open to all proposals regardless of their proposed location within Manchester.

Responsible Authorities

15. The following parties are all named as 'Responsible Authorities' for the purpose of the Gambling Act:
 - The Licensing Authority
 - The Gambling Commission
 - Planning,
 - Environmental Health
 - Child Safeguarding Board
 - Police
 - Fire Service
 - Customs & Excise.
16. Members will note that unlike the Licensing Act 2003, the Licensing Authority is itself a Responsible Authority. However, Trading Standards is not currently named as a Responsible Authority under GA2005.

Interested Parties

17. 'Interested parties' are considered to be those who live sufficiently close to the premises to be likely to be affected by the authorised activities, those who have business interests in the area or those who represent either of these two groups.
18. However, unlike the Licensing Act 2003, Members and MPs **are** considered to be interested parties under GA2005 and may therefore make representations in respect of premises licence applications.

Gambling Policy

19. The Licensing Authority is required to produce a policy every three years setting out how it intends to implement the Act. The attached draft policy was approved for consultation by the Executive on 26 July 2006 and is currently undergoing public consultation, which closes on 18 October 2006. The resulting policy will then require the approval of full Council later this year.
20. The expected timetable for the policy and the implementation of the GA2005 is set out in **Appendix 1**
21. The draft policy includes a policy for determining the award of a regional casino licence. This policy will not be necessary unless Manchester wins the right to give a regional casino licence. The Secretary of State may issue a Code of Practice on determining casino licences but is not likely to do so until February 2007. If Manchester does win the right to award a regional licence then it must have a policy on the factors it will consider to decide what gives greatest benefit to Manchester. In order to ensure that our policy in this important area is right and in place as soon as practicable, we are starting to consult on it now. However, it may be necessary to consult on this particular part again if the final

policy adopted by Manchester does not comply with the Secretary of State's Code of Practice when it is finally issued.

Fees

22. The Act allows us to set our own fees within prescribed bands limited to cost recovery. These bands are yet to be finalised.

Consultation Strategy

23. The Gambling Act 2005 requires us to consult with various groups before we determine our gambling policy. Statutory consultees include the Chief Officer of Police for Manchester, person(s) representing gambling premises and person(s) representing those likely to be affected by gambling premises.

Above and beyond this our intention has been to give the broadest range of people the opportunity to give us their views. We have therefore included:

- All responsible authorities as named in the Gambling Act
 - Interested parties throughout the City including ward members, MPs, residents groups and trade representatives
 - Experts in the promotion of the licensing objectives: those working with children, vulnerable adults, crime and disorder, responsible gambling, problem gambling etc
 - Gambling researchers/specialists
 - All gambling premises in Manchester
 - Trade Associations
 - Faith and community groups
24. Wherever possible we wrote directly to these parties enclosing a series of questions to prompt responses. Where direct contact was not possible, we have made copies of our policy and feedback forms available on the licensing website at www.manchester.gov.uk/licensing/gambling as well as at public access points such as libraries.

Conclusion & Recommendations

25. Members are asked to note the contents of the report including the draft policy attached and consultation as outlined above.

Draft Timelines for changes

2006	
July	Draft policy will be submitted to Executive Committee with proposed consultees
July- October	12 weeks public consultation period
December	Final Policy submitted to full Council for approval
2007	
3 January	Last date for publication of Gambling Policy
31 January (date TBC)	Gambling Policy takes effect, and start date for submission of premises licence applications and permits
28 April (date TBC)	Deadline for continuation rights
31 August	Deadline for Grandfather rights
1 September	Act goes live Old licences fall away Continuation rights activated provided 28 April deadline met

A Responsible Approach to Gambling in Manchester

Gambling Policy Statement 2006 - 2009

DRAFT

FOREWORD FROM THE COUNCIL LEADER, RICHARD LEESE

The new Gambling Act is a critically important regulatory tool that enables us to ensure gambling premises are responsibly managed and our most vulnerable citizens are protected from being harmed by gambling.

At the core of the new laws are three new licensing objectives. These will guide us in our administration of the Act and underpin all of our decision-making. They are:

- **Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime**
- **Ensuring that gambling is conducted in a fair and open way**
- **Protecting children and other vulnerable persons from being harmed or exploited by gambling.**

We recognise that while many people gamble for fun without going too far, there are those who will gamble more than they would like. We want to ensure we reach the vulnerable and make help available when and where it is needed. By working together with gambling premises operators, we can identify, monitor and intervene to prevent problem gambling.

In this, our gambling policy, we set out what standards we expect from those looking to offer gambling in Manchester. We also clarify what licences, permits etc. are needed by gambling operators, gambling premises and their staff. Finally we outline what our licensing committee (made up of elected councillors) will consider when making decisions about gambling premises in Manchester.

It's important that local residents, residents associations, councillors, MPs and local businesses have their say on premises licence applications and are aware their legitimate concerns will be acted upon.

The challenge ahead is not an easy one but by bringing together the expertise of Licensing, Planning, the Police and Manchester's Safeguarding Children Board, along with Manchester's residents we can ensure our aspirations for responsible gambling are met.

We in Manchester are committed to ensuring that where gambling is permitted, it takes place in premises which prevent crime and disorder, protect children and other vulnerable persons and remains an enjoyable pastime for the people of Manchester.

Council Leader, Richard Leese

EXECUTIVE SUMMARY

The new Gambling Act received Royal Assent in April 2005. It covers all commercial gambling in England and Wales and includes the regulation of gambling premises, temporary use of premises for gambling, small-society lotteries and remote gambling.

Responsibility for the Act's implementation is divided up between: the Department of Culture, Media and Sport who prepared the legislation; the Gambling Commission who prepare guidance for Local Authorities (known as Licensing Authorities for the purposes of the Act) and draft codes of practice for operators to follow; and Licensing Authorities who issue some (but not all) authorisations.

At the new Act's heart are three licensing objectives which we, as a Licensing Authority, will use as a measure for many decisions on gambling applications. These are:

- **Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime**
- **Ensuring that gambling is conducted in a fair and open way**
- **Protecting children and other vulnerable persons from being harmed or exploited by gambling.**

We will start to receive applications under the new Gambling Act from 31 January 2007 and

any authorisations granted will have practical effect from 1 Sept. 2007.

Those who would like to offer gambling will need either:

- An operating licence and premises licence for each premises they run
- A permit
- An Occasional Use Notice
- A Temporary Use Notice
- Small-society lottery registration

Certain individuals involved in the provision of gambling will also need personal licences.

The Gambling Commission will issue operating licences and personal licences as well as applications for remote gambling, that is gambling using the internet, telephone, TV, radio etc.

The Council's Licensing Unit will issue premises licences, permits and other authorisations including Occasional Use Notices and Temporary Use Notices and small society lottery registrations (See Appendix L for all contact details).

Depending on the nature of the gambling activities proposed to be carried on at the premises, a permit may be applied for instead of a premises licence. Permits may be applied for in respect of (unlicensed) Family Entertainment Centres, alcohol-licensed premises, members' clubs and miners' welfare institutes.

Whilst a person applying for a permit does not need an operating licence or personal licence from the Gambling Commission, the activities that can be undertaken under a permit are more restrictive than under a premises licence.

Owners of tracks (dog tracks, horse tracks) and other sporting venues may apply for an Occasional Use Notice, which would allow betting on eight days or less in a calendar year.

A holder of an appropriate operating licence may also apply for a Temporary Use Notice for premises where there is no premises licence in place, for the temporary provision of gambling (for example in hotels, conference centres etc). Temporary Use Notices can permit such use for up to 21 days in a 12-month period.

Regardless of whether an application is made for a premises licence, permit, Occasional Use or Temporary Use Notice, we are looking to maintain high standards to ensure responsible gambling. Our key areas of concern are:

- Increasing our knowledge of how people gamble and how problem gambling develops
- Educating people about gambling, problem gambling and financial management to inform them about the dangers particularly in relation to gaming machines, thereby enabling

them to gamble safely and responsibly

- Providing treatment services for problem gamblers
- Ensuring under 16s and under 18s (as appropriate) are excluded from gambling in accordance with the Act
- Ensuring customer-facing and managerial gambling personnel understand problem gambling and are able to identify problem gamblers and effectively intervene to help address problem gambling
- Ensuring suitable premises layout so children and young persons (as appropriate) are not able to access or be in close proximity to gambling where the Act prohibits them from doing so. Alternatively where the Act permits children and young persons to be in the proximity of gambling the premises should be designed to ensure that the premises are adequately supervised
- Ensuring sufficient staff to customers to be able to monitor customer gambling and intervene as necessary. This is particularly important where vulnerable persons are concerned
- Ensuring those under the influence of alcohol or drugs are excluded from the premises
- Ensuring staff and customers are protected from assault or harassment.

Ideally gambling premises will demonstrate how they will implement these steps in the course of their application and thereby

address any concerns upfront. Interested parties and responsible authorities (see Appendix N for definitions) may both make representations (express opinions) in respect of premises licence applications if they feel the application will impact on the licensing objectives. They may also ask for a review of the licence at any time after the licence comes into force on 1 Sept. 2007.

Draft

1 ABOUT OUR GAMBLING POLICY

1.1 Our responsibility to produce and publish a gambling policy

Licensing Authorities are required by the Gambling Act to publish a gambling policy at least every three years. We may also revise it 'from time to time' if we feel it is necessary to do so. Every time we revise our policy we will consult publicly on the changes before republishing.

1.2 How we arrived at our policy

In order to formulate a policy that complies with legislation and reflects public concerns, we declare that we have paid and will pay particular attention to:

- The licensing objectives as outlined in the Executive Summary
- Guidance issued by the Gambling Commission
- Comments we receive during the public consultation on our policy

1.3 Our public consultation

We will be consulting publicly on our draft gambling policy between 27 July & 18 Oct 2006. Anybody may have their say by submitting comments to the Licensing Unit. Copies of the policy will be available on the Licensing Unit website (details available in Appendix L) and from public libraries throughout Manchester.

Other parties we will consult include:

- Greater Manchester Police

- Those who represent gambling businesses in Manchester
- Those who represent people likely to be affected by gambling in Manchester
- Children, Families and Social Care

Following the consultation, a full list of all consultees along with their comments will be available on the Licensing Unit website or from the Licensing Unit upon request. If you do want to make comments, but do not want your name to appear in any listing, please make this clear at the time of submitting your comments.

1.4 The rights of the applicant

This policy does not override anybody's right to make an application, make representations about an application, or apply for a review of a licence. Each application will be considered on its merits in accordance with the requirements of the Gambling Act.

2 MANCHESTER'S ROLE

2.1 The area covered by Manchester City Council

Manchester City Council is situated in Greater Manchester and has a population of 430,000. It is the largest of the ten Greater Manchester Authorities. Manchester City Council will licence gambling premises in all areas shown in the map above.

2.2 The role of Manchester City Council as a Licensing Authority

Manchester City Council is required to perform the following functions under the new Gambling Act:

1. Be responsible for licensing premises

where gambling activities are to take place by issuing *premises licences*

2. Issue *provisional statements* where it is proposed that gambling activities will take place but a premises is not yet ready for use
3. Regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities by issuing *club gaming permits* and/or *club machine permits*
4. Issue *club machine permits* to commercial clubs
5. Issue permits for unlicensed Family Entertainment Centres where Category D machines may be used
6. Receive notifications from premises licensed for on-sales of alcohol for use of two or fewer Category C or D gaming machines
7. Issue *licensed premises gaming machine permits* for premises licensed for on-sales of alcohol for use of two or more Category C or D machines
8. Register small society lotteries
9. Issue *prize gaming permits*
10. Receive and endorse *Temporary Use Notices* for temporary use of premises for gambling
11. Receive *Occasional Use Notices* for betting at tracks

We are also required to:

1. Provide information to the Gambling Commission regarding details of licences issued (see appendix I for

- our information exchange protocols)
2. Maintain a register of the permits and licences that are issued under the functions above.

2.3 The Responsible Gambling Unit

Most people who gamble in Britain do so responsibly without any negative consequences, however there has been an increasing need for problem gambling support services in recent years. In order to respond to this growth efficiently Manchester will lead an initiative that will champion best practice in responsible gambling. This will involve formulating effective policies, educating consumers about gambling and supporting treatment services for problem gamblers including referrals for debt counselling etc.

A Community Trust will be established in Manchester to promote responsible gambling. It will oversee the Responsible Gambling Unit's work and coordinate the work of a range of public, private and voluntary bodies. The Unit will have three broad responsibilities:

Policy – to learn what works in reducing problem gambling and to build policy around this.

Education – to promote a greater understanding of gambling, the need for budgeting and the availability of assistance.

Treatment – to commission a range of treatment and support services to assist problem gamblers and their families.

CONSULTATION QUESTION 1

The Responsible Gambling Unit will be principally geared towards gambling policy research, education and treatment. Is there anything else we should be doing to ensure those who gamble do so responsibly? How can we best help problem gamblers and their families?

2.4 Manchester's bid for a regional casino

We have been included on a shortlist of eight local authorities that may be given the right to award a licence for a regional casino. It is the Government's intention to limit the number of regional casino licences to one and to test the social impact of that casino before considering whether more such licences should be offered.

We believe that Manchester is the best place to test the social impact of a regional casino. We believe that Manchester will gain regeneration benefits in the form of a significant leisure offering, jobs for disadvantaged people and a boost to the tourism and leisure sectors generally by appealing to people across the North West as well as business and international visitors. We believe that by working with casino operators, voluntary organisations and other public agencies we can monitor and minimise any negative social impacts through the implementation of this policy, education and help for vulnerable people.

We will know whether we will have the right to award a regional casino licence in early 2007.

If Manchester is given permission to grant a Premises licence for a regional casino, we will run a two-stage competition in accordance with Schedule 9 of the Gambling Act 2005 and any regulations or Code of Practice issued by the Secretary of State or the Gambling Commission under the Act.

Our draft policy will be reconsidered in the light of any draft or final regulations or Code of Practice issued, but may be adopted prior to the issue of these documents. In the event that our policy fails to comply with any regulations or Code of Practice issued after formal adoption of the policy, we will review and consult upon a revised policy.

Stage One

We will invite applications for a premises licence or provisional statement and give a specified time within which all interested parties must submit their application.

We will determine whether any such application would be granted a licence in accordance with the principles set out at section 4 of this draft policy. This will cover the measures relating to premises which address the objectives of preventing gambling from being a source of crime and disorder, ensuring that gambling is conducted in a fair and open way and protecting children and other vulnerable persons from being harmed or exploited by gambling. All applications will be considered separately and no reference made to other applications received.

Stage Two

If the number of applications which we would provisionally grant under the stage one process exceeds the number of available regional casino licences, applicants will be invited to present a package of proposals and we will decide which of the competing applications is likely to result in the greatest benefit to the Manchester area.

To evaluate the applications we will use the following criteria:

- 1) The extent to which the proposals address the need to drive the social and economic development of the City and make a significant contribution to the creation of sustainable communities by reference to:
 - a) The extent to which the proposals would attract visitors to Manchester providing not only a casino but also, for example, a full range of hotel, leisure, and entertainment facilities which fill gaps in the current provision in the area.
 - b) Associated development either as part of a new development or in the context of existing facilities. Associated development is not confined to leisure development and may include any proposals aimed at ensuring that the destination style casino is capable of implementation and/or making a significant contribution to social, economic or environmental improvement.

- c) The extent to which the proposals integrate with their proposed locality physically, by design and in terms of social integration and community accessibility.
- d) Location, which should be sustainable and appropriate taking into account accessibility by means other than the car and of the extent to which the proposals address the particular issues arising in the proposed location such as crime and disorder or multiple deprivation.
- 2) The applicant's capacity to implement the proposals in particular by reference to:
- a) Financial standing and track record and
- b) Experience
- 3) The likely timescale for implementation
- 4) The impact of the proposals in terms of:
- a) Physical regeneration
- b) Employment and other economic activity generated:
- i) Employment generated with particular reference to the unemployed and socially excluded
- ii) Economic activity having regard (for example) to the impact on tourism, leisure and casino sectors
- c) Social impact:
- i) Community benefits
- ii) Minimising negative social impacts
- d) Impacts that are wider than the Manchester City area itself but which are nonetheless relevant to it
- e) Commitment to assistance in monitoring and evaluating impacts generally and to funding effective programmes for the prevention of harm and the protection of children and other vulnerable groups
- 5) The terms of any contract proposed by the applicant to deliver the benefits, and in particular the extent to which those terms secure the delivery of the proposed benefits.

CONSULTATION QUESTIONS 2,3 & 4

- What else can we do to ensure that a regional casino gives greatest benefit to the Manchester area?
- Are these criteria sufficiently clear for operators to understand how to compete for a regional licence?
- Are these criteria fair and reasonable?

3 HOW WE DECIDE APPLICATIONS FOR GAMBLING IN MANCHESTER

3.1 What authorisations are needed for different premises / different activities?

The table below sets out what authorisation different types of premises will need, along with the entitlements that come with that authorisation. (Please see Appendix E for details of gaming machine categories)

Premises type/activity	Type of authorisation you need	Overview of entitlements authorisation brings
Adult Gaming Centre	Premises licence + Operating licence + Personal licence	Up to 4 category B3 to B4 gaming machines + any number of category C and D + prize gaming
Family Entertainment Centre (premises wholly/ mainly making gaming machines available)	<u>OPTION 1</u> : Premises licence + Operating licence + Personal licence	Any number of category C and D gaming machines + equal chance gaming + prize gaming
	<u>OPTION 2</u> : Gaming machine permit	Category D gaming machines
Tracks (dog track, horse track) or other sporting venues	<u>OPTION 1</u> : Premises licence + Operating licence	Maximum of 4 machines categories B2 to D + betting (type of betting dependent on type of operating licence)
	<u>OPTION 2</u> : Occasional Use Notice	Betting for 8 days or less in a calendar year
Casino premises	Premises licence + Operating licence + Personal licence	Casino games (i.e. games of chance), equal chance gaming, betting, bingo (regional/large casinos only) + category B to D gaming machines (regional casino may also have cat. A machines). No. of machines as per casino size.
Bingo premises	Premises licence + Operating licence + Personal licence	Bingo + prize gaming + up to 4 category B3 to B4 gaming machines and any number of category C and D
Travelling fair	Gaming machine permit	Any no. of category D gaming machines (as long as this amount to no more than ancillary activity) + prize gaming
Betting premises (makes or accepts bets)	Premises licence + Operating licence + Personal licence	Maximum of 4 machines categories B2 to D + betting (type of betting dependent on type of operating licence)
Premises with consumption of alcohol on the premises	<u>OPTION 1</u> : Notify Licensing Unit	Automatic entitlement to 2 category C or D machines
	<u>OPTION 2</u> : Licensed premises gaming machine permit	Any number of category C or D machines may be requested
Prize gaming	Prize gaming permit	Provision of any form of prize gaming (other than bingo)
Members' clubs or miners' welfare institute (and commercial clubs)	<u>OPTION 1</u> : Club <i>gaming</i> permit (not available to commercial clubs)	Maximum of 3 machines in categories B4 to D, equal chance gaming + games of chance
	<u>OPTION 2</u> : Club <i>machine</i> permit	Maximum of 3 machines in categories B4 to D
Small-society lottery	Must register with Licensing Unit	May run a small-society lottery (details upon request)
Any premises without a premises licence	Temporary Use Notice	Permits gambling on the premises for no more than 21 days in any 12 month period

Please note: the table above gives an indication of the entitlements that accompany each type of licence/permit and is subject to change (pending the publication of regulations). Different combinations of premises licence and different types of operating licence may result in different authorised activities. When regulations are published, these will be available from the Gambling Commission. (Please see Appendix L for contact details).

3.2 The activities and types of premises covered by the Gambling Act

The Act covers ALL premises that allow commercial gambling including bookmakers, horse tracks, dog tracks, casinos, amusement arcades and pubs and bars with gaming machines. The Act also allows holders of appropriate operating licences to make temporary use of other premises (e.g. hotels, conference centres) for gambling. The Act also covers remote gambling (that is gambling via the internet, interactive TV or a mobile phone). (See Appendix A for some context to the Gambling Act).

3.3 What happens if somebody has an opinion about a gambling premises application?

If 'interested parties' (see below for definition) or 'responsible authorities' (see Appendix N for a full list of responsible authorities) have an opinion about an application for a premises licence relating to the licensing objectives, they can make a 'representation'.

A representation is a statement that outlines opinions and may contain details about how

any concerns they may have might be addressed. We will be providing detailed guidance on how to make representations. In all cases representations will need to be relevant. The only representations likely to be relevant are those that meet one or more of the following criteria:

- Relate to the licensing objectives
- Relate to relevant matters in this our gambling policy
- Relate to relevant matters in the Gambling Commission's Guidance to Local Authorities
- Relate to relevant matters in the Gambling Commission's Codes of Practice
- Relate to the premises that are the subject of the application

AND

- Are neither frivolous nor vexatious nor will certainly not influence the authority's determination of the application.

(Please see Appendix K for how we will handle personal information).

3.4 What is an 'interested party'?

For the purposes of the Gambling Act, an 'interested party' is:

- a) Someone who lives sufficiently close to the premises to be likely to be affected by the gambling premises
- b) Has business interests that might be affected by the authorised activities

- c) Represents persons who satisfy paragraph (a) or (b)

To determine who lives 'sufficiently close to the premises to be likely to be affected by the gambling premises', we will consider the following on a case-by-case basis:

- The size of the gambling premises
- The nature of the gambling premises
- In the case of interested parties the distance of the premises from the address of the person making the representation
- The potential impact of the premises (number of customers, routes likely to be taken by those visiting the premises)
- The type of complainant. E.g. 'sufficiently close to be likely to be affected' could have a different meaning for (a) a private resident (b) a residential school for children with truanting problems and (c) a residential hostel for vulnerable adults
- The 'catchment' area of the premises (i.e. how far people travel to visit it).

To determine who has 'business interests that might be affected by the authorised activities', we will consider the following on a case-by-case basis:

- The size of the premises
- The nature of the premises
- In the case of interested parties the distance of the premises from the

address of the person making the representation

- The potential impact of the premises (number of customers, routes likely to be taken by those visiting the premises)
- The 'catchment' area of the premises (i.e. how far people travel to visit it).

In so far as who represents persons who satisfy paragraphs (a) or (b), this would include for example:

- Residents' associations and tenants' associations
- Trade associations and trade unions
- Local councillors and MPs
- Any other person with written permission from somebody who satisfies paragraph (a) or (b)

Please note: Whether or not a person is an 'interested party' under paragraphs (a),(b) or (c) above, is ultimately the decision of the Licensing Authority which issues the licence or to which the application is made.

3.5 The licensing objectives and how our licensing committee uses them in decision-making

Manchester City Council has a responsibility under the Gambling Act 2005 to decide whether to grant or reject applications and in the case of premises licence applications to decide what conditions to apply where the decision is taken to grant. All decisions made by our licensing committee in relation to premises licences (and some other

authorisations – see specific sections for details) are based on this our gambling policy and the three licensing objectives. These objectives are:

- **Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime**
- **Ensuring that gambling is conducted in a fair and open way**
- **Protecting children and other vulnerable persons from being harmed or exploited by gambling**

In the case of premises licences (and some other authorisations – see specific sections for details), our licensing committee will permit gambling only so far as it is reasonably consistent with these three objectives.

3.6 How the licensing committee decides whether to grant or refuse an application

Where we receive an application for a gambling premises licence, the licensing committee will aim to permit the use of premises for gambling where it is:

- (a) In accordance with any relevant code of practice issued by the Gambling Commission
- (b) In accordance with any relevant guidance issued by the Gambling Commission

(c) Reasonably consistent with the licensing objectives (subject to a and b) and

(d) In accordance with this policy (subject to a – c).

Please note: The licensing committee has no discretion to either grant or refuse premises licences in circumstances that would mean departing from the above e.g. we cannot consider the expected demand for facilities or reject applications on moral grounds. The Gambling Commission advises that we 'should rely on reasons that demonstrate the licensing objectives are not being met'. Each case will be decided on its merits.

In accordance with the Guidance from the Gambling Commission, we will endeavour to circulate to all parties 'clear and comprehensive' reasons for any decision. We will also cite the extent to which decisions have been made in accordance with this Manchester City Council's gambling policy and the Guidance from the Gambling Commission.

Rather than reject applications outright, wherever possible we will look to work with gambling premises and tackle concerns with licence conditions that uphold the licensing objectives. However where areas of concern cannot be addressed through conditions, the application may be rejected. We expect premises licence applicants to demonstrate they will implement steps as appropriate outlined in sections 4.2 and 4.3 at the time of submitting their application.

In the case of permits and other authorisations, the basis for whether we will accept or refuse an application is outlined in sections 5,6 and 7.

3.7 Licence conditions

Licence conditions are a means to address risks (both actual and potential) in the operation of premises. Ensuring gambling is fair and open, preventing crime and disorder, ensuring children and vulnerable persons are prevented from gambling or monitored can all be tackled through the use of licence conditions. Licence conditions may be applied to premises licences, but not permits or other authorisations.

3.8 How the licensing committee decides what conditions to apply to premises licences

Premises Licences may be subject to any or all of the following:

- Conditions specified in the Gambling Act 2005
- Conditions specified in the regulations issued by the Secretary of State
- Conditions added by Manchester City Council's Licensing Committee (where necessary).

With respect to conditions, licensing authorities are able to:

- Issue licences without modifying conditions set out in the Act and by the Secretary of State
- Exclude default conditions

- Attach conditions where it is believed to be appropriate

Conditions may be general in nature (i.e. they attach to all licences of a particular premises type e.g. all casinos) or they may be specific to a particular licence.

We will ensure that any conditions we impose are:

- Proportionate to the circumstances which they are seeking to address
- Relevant to the need to make the proposed building suitable as a gambling facility
- Directly related to the premises and the type of licence applied for
- Fairly and reasonably related to the scale and type of premises
- Reasonable in all other respects.

There are also conditions, which the licensing authority cannot attach to premises licences:

- Conditions on a premises licence which make it impossible to comply with an operating licence condition
- Conditions relating to gaming machine categories, numbers, or method of operation
- Conditions that require membership of a club or body. (The Gambling Act specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated)

- Conditions relating to stakes, fees, winnings or prizes
- Conditions relating to demand for the premises.

Decisions about conditions will be taken on a case-by-case basis considering Gambling Commission guidance, Gambling Commission Codes of Practice, the Licensing Objectives and this our policy.

3.9 Working in partnership but not duplicating other regulatory controls

Different departments are often guided by different pieces of legislation. It is important that we communicate with each other, ensure our work is complimentary and learn from one another. However it is also important that we do not duplicate each other's work. A good example of this is with respect to licensing and planning. Planning is responsible for the physical building and for the broad use of the building e.g. whether it is retail or residential. Licensing on the other hand is concerned with the specific activities that are offered at the premises e.g. alcohol or gambling and how they are offered. We often make use of Planning's expertise in the area of residential amenity, but do not need to duplicate the task of finding out what planning permission is in place for a particular building.

3.10 Hearings and rights of appeal

Where interested parties or responsible authorities raise concerns about the suitability of premises to provide gambling, a hearing may be held. Hearings will be heard before

the licensing committee constituted of elected councillors.

Appeals against Licensing Authority decisions must be made within 21 days and will be heard by the Magistrates Courts. (Rights of appeal are detailed in Appendix D).

3.11 Reviews of gambling premises licences

After a licence is granted, where the day to day operation of a gambling premises is not felt to be 'reasonably consistent with the licensing objectives', a review of the premises licence can be requested at any time. A review may be initiated by the Licensing Authority or as a result of an application for review from an interested party or responsible authority.

Where it is the Licensing Authority that initiate the review, they may do this for a whole class of premises e.g. all Adult Gaming Centres or in relation to particular premises. This action will most likely be taken in response to a complaint, which would make the Licensing Authority want to reconsider the conditions that apply to that category of premises licence. However the Licensing Authority can review a licence for any reason it thinks appropriate.

Where an application for review is received from an interested party or responsible authority, as a licensing authority we must decide whether to go ahead with the review. The application for review will be considered based on the following:

- Does the request raise issues other than those found under the Gambling Commission's Guidance, Codes of Practice, the Licensing Objectives or this our gambling policy?
- Is it irrelevant, frivolous or vexatious?
- Is it so minor that the authority *will certainly not* wish to revoke or suspend the licence or remove, amend or attach conditions?
- Is it substantially the same as a previous application for review relating to the same premises?
- Is the application for review substantially the same as a representation made at the time the application for a premises licence was considered?

If the answer to ANY of the above questions is 'yes', the request for review may be rejected.

Most applications for review are likely to be the result of a public complaint or a complaint from the police. The purpose of the review is to determine if the licensing committee should take any action in relation to the licence. If action is needed, the options are to either:

- Revoke the premises licence
- Suspend the premises licence for a period not exceeding three months
- Exclude a default condition imposed by the Secretary of State (relating to, for example, opening hours) or remove or amend such an exclusion

- Add, remove or amend a licence condition previously imposed by the Licensing Authority

To decide what action, if any, needs to be taken following an application for review, the licensing committee will make its determination:

- In accordance with any relevant code of practice issued by the Gambling Commission
- In accordance with relevant guidance issued by the Gambling Commission
- In so far as it is reasonably consistent with the licensing objectives
- In accordance with the authority's statement of licensing policy

The committee will also consider any relevant representations and information given at the hearing. It will not have regard to the expected demand for the facilities.

Codes or practice and the guidance referred to above may be obtained from the Gambling Commission. (See Appendix L for the Gambling Commission's contact details).

3.12 Compliance, enforcement and the inspection of premises

Our principal enforcement role under the Gambling Act is to ensure compliance with the conditions of the premises licence and statutory requirements in respect of other permissions, which the licensing authority regulates.

We will adopt a risk-based inspection programme, which will mean giving greater attention to high-risk premises and a lighter touch for low-risk premises. In all cases we will ensure our inspection programme is operated in accordance with any codes of practice issued by the Gambling Commission and in accordance with the Enforcement Concordat. We will also ensure it is:

- Proportionate to the circumstances which it is seeking to address
- Relevant to the need to make the proposed building suitable as a gambling facility
- Directly related to the premises and the type of licence applied for
- Fairly and reasonably related to the scale and type of premises
- Reasonable in all other respects.

We will shortly outline principles to be applied in the operation of such a programme and the criteria to be used to determine risk.

Manchester City Council's compliance statement, along with our risk assessment methodology will be available upon request from the Licensing Unit once finalised (contact details in Appendix L).

Under the Act, the Gambling Commission also has powers of entry and inspection to regulate gambling. The Gambling Commission will be the enforcement body for operating licences and personal licences. Penalties for breaches of operating licence and personal licence conditions may include fines and/or revocation of the licence and/or prosecution. The

Gambling Commission will also handle concerns about manufacture, supply or repair of gaming machines. (Some of the key offences under the Gambling Act are outlined in Appendix C).

4 PREMISES LICENCES - WHAT STANDARDS WE EXPECT FROM APPLICANTS

The Licensing Authority are required to take into account the following when taking decisions in respect of premises licences:

- a) Relevant Gambling Commission Codes of Practice
- b) Relevant Gambling Commission Guidance
- c) Reasonable consistency with the Licensing Objectives (subject to a and b)
- d) This our gambling policy (subject to a – c)

It is important for us to have clear guidelines as to how we will make decisions about premises licence applications. In this way we can be consistent and ensure the committee have clear reasons for decisions taken. It is also important to be transparent about this process so that those who apply for licences and those who may have opinions about gambling premises know how the process works.

In light of this we have set out below what we are looking for from applicants looking to offer gambling in Manchester.

Each application for a premises licence will be considered on its merits; applicants are expected to show how they will meet licensing

objective concerns, in order to be granted a licence. Where applicants fail to show how they will meet licensing objective concerns, licence conditions can be imposed or the application rejected.

4.1 Licensing objectives: minimum standards for all premises

We expect high standards from all gambling premises. These standards are in line with the three licensing objectives of the Gambling Act.

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime:

Generally this objective will be addressed through operating licences issued by the Gambling Commission. However we will require that premises have protocols in place to prevent staff or customers becoming a victim of robbery and the existence of these protocols be well-publicised. We will also outline control measures for tracks, as track operators do not need to hold an operating licence. The Gambling Commission highlights that “disorder is intended to mean activity that is more serious and disruptive than mere nuisance.” For example was police assistance required? How threatening was the behaviour to those who could see or hear it?

Ensuring that gambling is conducted in a fair and open way

Generally this objective will be addressed by:

- The management of the gambling business (in conjunction with the

Gambling Commission, who are responsible for issuing and enforcement of the operating licence).

- The personal licence holders proving their suitability and actions (which again is the responsibility of the Gambling Commission)

In the case of those premises that do not hold an operating licence such as tracks, additional conditions may be required dependent on the risks outlined in the application.

Protecting children and other vulnerable persons from being harmed or exploited by gambling

The Gambling Act defines 'children' as those persons under 16 years of age and 'young persons' as those persons aged 16 or 17 years of age.

The term 'vulnerable persons' is not defined, however the Gambling Commission does offer some guidance:

- People who gamble more than they want to
- People who gamble beyond their means
- People who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs.

In Manchester we would also consider the following people to be vulnerable:

- Those with an inclination to gamble more than they want to or beyond their means
- Those who are dependent for a source of income on somebody who gambles more than they want to or beyond their means
- Those who are employed by gambling operators and have regular contact with gambling
- Those aged 16-24
- Habitual players of gaming machines.

What constitutes harm or exploitation will have to be considered on a case-by-case basis.

4.2 General conditions for all gambling premises

We expect high standards from premises licence applicants to promote the licensing objectives. We will therefore look to apply licence conditions where appropriate to ensure these standards are met. General conditions we may look to apply to all types of premises are listed below with more premises specific conditions listed in section 4.3.

Premises contribution towards research, education and treatment

We expect all gambling operators to contribute towards the effective working of a Responsible Gambling Unit within Manchester City Council. Contributions may be requested in the form of data (see below) and in assistance with educational campaigns.

We may also ask that gambling operators contribute to the running of a Responsible Gambling Unit in the form of a voluntary levy. Details of how this levy may be calculated are not available at the time of going to print, however it could, for example, be connected to the volume of customers using the premises.

CONSULTATION QUESTION 5

Do you feel gambling premises should contribute to tackling problem gambling? If so, how?

Data gathering and sharing

Keeping track of the type, frequency and volume of customers gambling in Manchester along with the incidence and handling of problem gambling is a key part of promoting the licensing objectives. We expect all gambling premises in Manchester to maintain a log and share this and other information with the Licensing Unit on a regular basis.

Data that we consider should be recorded and shared includes (but is not exclusive to):

1. No. of persons entering premises in a calendar month (weekday daytime, weekday evening, weekend daytime, weekend evening)
2. Frequency each gaming machine category is played in a calendar month (weekday daytime, weekday evening, weekend daytime, weekend evening)
3. Amount taken in a calendar month per gaming machine category (and per gaming type if applicable)
4. No. of interventions in a calendar month along with a short description of the cause and effect
5. No. of cases in a calendar month where persons who have decided to voluntarily exclude themselves from the premises have tried to gain entry
6. No. of mandatory exclusions needing enforcement in a calendar month along with a short description of the cause and effect
7. Attempts to enter by those under age in a calendar month along with short description of incident and action
8. Attempts to enter by those under age in the company of adults in a calendar month along with short description of incident and action
9. Attempts to enter by those under age with complicit adults in a calendar month along with short description of incident and action
10. Incidents of 'at risk behaviour' (to be defined when a data request is made) in a calendar month along with short description of incident and action
11. Incidents of 'behaviour requiring immediate intervention' (to be defined when a data request is made) in a calendar month along with short description of incident and action.

We will look to provide a logbook for easy recording of this information and will look to work with the trade to ensure inconvenience is minimised while we build up a picture of gambling risks and progress in risk management.

Training

We expect all customer-facing and management staff in premises licensed under the Gambling Act 2005 to have undergone comprehensive responsible gambling training (with regular refresher courses). Amongst other elements, this training should include (where appropriate):

1. Causes and consequences of problem gambling
2. Identifying and communicating with vulnerable persons: primary intervention and escalation
3. Dealing with problem gamblers: exclusion (mandatory and voluntary) and escalating for advice/treatment
4. Refusal of entry (alcohol and drugs)
5. Age verification procedures and need to return stakes/withdraw winnings if under age persons found gambling
6. Importance and enforcement of time/spend limits
7. The conditions of the licence
8. Maintaining an incident log
9. Offences under the Gambling Act
10. Categories of gaming machines and the stakes and odds associated with each machine

11. Types of gaming and the stakes and odds associated with each
12. Staff exclusion from gambling at the premises where they are employed and reasons for restriction
13. The 'no tipping' rule
14. Awareness of support services available for those who would like advice about problem gambling, financial management etc.
15. Safe cash-handling/payment of winnings
16. The importance of not encouraging customers to:
 - Increase the amount of money they have decided to gamble
 - Enter into continuous gambling for a prolonged period
 - Regamble winnings
 - Chase losses.

Above and beyond this we expect managers to have an in-depth knowledge of all of the above and be able to support staff in ensuring the highest standards with regard to protecting children and other vulnerable persons from being harmed or exploited by gambling.

There is a possibility that staff training will be offered by Manchester City Council through local approved providers.

CONSULTATION QUESTION 6

What else should be included in responsible gambling training?

Intervention to protect vulnerable persons from being harmed or exploited by gambling

We expect all premises offering gambling to have a mechanism in place to identify vulnerable persons and to monitor and intervene where customers may be gambling beyond their means or more than they would like. Intervention may include raising the customer's awareness of the existence of support services and the availability of a voluntary exclusion scheme. However intervention may also include a counselling session and following that session potentially mandatory exclusion.

We expect all premises to operate a voluntary exclusion scheme. This means that wherever customers request to be excluded from the premises, they are excluded for an agreed timeframe. The premises take responsibility for ensuring they are not readmitted during that period unless a counselling session has first been held and readmittance agreed.

Beyond the minimum standards outlined here, we do not wish to be overly prescriptive in how intervention shall proceed. This is a developing area and we feel there are benefits with different operators trying out different approaches; the best of which can then be taken forward on a wider scale.

The location of gambling premises

Locations for gambling premises, which may pose problems, include those in close proximity to premises frequented by children or other vulnerable persons e.g. schools or

parks. Each case will of course be considered on its merits and if adequate measures are put in place in accordance with this policy to restrict access to children, protect vulnerable persons and prevent crime and disorder, there is no reason why one location poses substantively more risk than another. We recognise that the presence of gambling premises with a constant stream of trade in what may have formerly been an underused area may serve to reduce crime and disorder, however this will only be the case where necessary safeguards are put in place either by the operator or by the licensing authority in the form of licence conditions.

Layout and Access

Whilst under 18s CANNOT enter the vast majority of licensed gambling premises, there are exceptions. Under 18s CAN enter:

- The non-gambling area of a regional casino
- The gambling areas of a bingo club other than areas containing category C gaming machines
- The gambling areas of a track (on race days) other than off-course betting and areas containing category C gaming machines
- Licensed Family Entertainment Centres

(See Appendix G for full details of under 18s rights of access and participation and Appendix M for details of Proof of Age Standards Schemes).

In the case of a regional casino, under 18s should NOT:

- Be invited to participate in gambling
- Have accidental access to gambling
- Closely observe gambling

In the case of premises that are able to allow under 18s to access some gambling areas, due attention should be given to layout and access to ensure under 18s do not participate in gambling or gain access to areas where access is restricted, and that the areas are suitably monitored.

Where category C or above gaming machines are available in premises to which under 18s are admitted, we expect: that:

- All such machines are located in an area of the premises separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance
- Only adults are admitted to the area where these machines are located
- Access to the area where the machines are located is supervised
- The area where the machines are located is arranged so that it can be observed by staff of the operator or the licence holder
- At the entrance to, and inside any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

Where under 18s are loitering in the immediate vicinity of the premises, steps should be taken by the premises licence holder to move them on, and consideration should be made to reporting this to the police or a truancy officer as appropriate.

Furthermore premises should ensure that vulnerable persons are either excluded from gambling (in the case of those who are under the influence of alcohol or drugs, under voluntary exclusion or have been excluded for whatever other reason) or are under supervision with the possibility of intervention.

Whilst supervisors of entrances and exits may need to be registered with the Security Industry Authority, we expect all customer-facing and managerial staff in Manchester to show a due level of competence and understanding of responsible gambling. This may, for example, involve undergoing training and sitting an examination.

Sometimes several licences may be in place for just one premises or one licence may cover only part of the premises. In light of this operators must carefully consider the premises layout to ensure children and young persons (as appropriate) neither gain access to areas used for gambling nor are brought into close proximity to gambling.

CONSULTATION QUESTION 7

What other steps can gambling premises take to ensure children and other vulnerable persons are either excluded from gambling or supervised with a view to intervention if necessary?

Staff restrictions on access to gambling

Gambling premises staff are brought into close proximity with gaming and/or gaming machines on a regular basis and therefore may have a heightened vulnerability to problem gambling. There is also a risk of off duty staff colluding with their colleagues. For these reasons we feel staff must be excluded from gaming or gambling on the premises at which they work at all times.

Staff to customer ratio

To ensure the safety of both customers and staff, sufficient staffing numbers should be in place at all times the premises is open. All premises will be required to comply with a suitable ratio.

CONSULTATION QUESTION 8

How else can we ensure gambling premises staff are protected?

On-premises provision of gambling advice

A risk-aware and gambling literate customer base with recourse to advice and assistance is likely to have a lesser chance of being

harmful or exploited by gambling. Where people gamble we want them to do so for entertainment rather than in the expectation of a big win or to chase losses.

In light of this, we will expect that all gambling premises:

1. Provide leaflets aimed at customers and their families/friends, which will include how to identify signs of problem gambling and pathways to advice and assistance. For every 100m² of gambling/gaming and/or gaming machines at least one prominent leaflet display must be provided. Leaflets should also be available in more discreet locations e.g. toilets.
2. Prominently display details of odds with each gaming machine

CONSULTATION QUESTION 9

How else can gambling premises give gambling advice without risking alienating the people they most need to engage?

Exclusion of those who appear to be under the influence of alcohol or drugs

In order to protect those who are under the influence of alcohol or drugs (thereby potentially distorting their ability to make rational decisions), those persons who appear to be in such a state must be immediately

excluded from the premises. Signage should be prominently displayed to indicate this.

CONSULTATION QUESTION 10

Are there any other types of vulnerable persons who should trigger immediate intervention or be closely monitored? What action would you suggest?

Safe Cash-handling

In the interest of preventing crime and disorder, we require all gambling premises in Manchester to have a minimum provision for safe cash-handling and thereby prevent against theft/robbery. We will expect minimum standards in terms of:

- The frequency of banking cash (to avoid large sums being involved)
- Use of security personnel for transport
- No. of staff handling cash at any one time
- CCTV protocols (including signage to indicate their presence)

For security reasons, while we will not expect premises to tell us the precise details of the protocols they have in place, the licensing authority will need to be satisfied that effective procedures exist. It should be prominently publicised on-site that robust security measures are in place.

Safe payment of winnings

In the interest of preventing aggravated robbery etc. gambling premises should consider offering their customers a choice of methods by which their winnings may be paid. This could include either cheque or BACS payment. These options should be well publicised.

Adequate lighting inside and out

We expect all premises to have adequate lighting inside and out to ensure against robbery and other covert activity.

Participation in a gambling forum

We will establish a gambling forum to discuss gambling issues and ensure the promotion of the licensing objectives. In the case of high-risk gambling premises we will normally expect participation in the forum to become a condition of their licence.

CONSULTATION QUESTION 11

What additional steps can we take to ensure gambling premises place due importance on 'preventing crime and disorder' and 'protecting children and vulnerable persons being harmed or exploited by gambling'?

4.3 Specific types of premises and what we are looking for in respect of each

While we have outlined minimum standards we expect from all gambling premises in the previous section, any areas we need to stress, due to differences between premises types, are outlined below.

The Council will pay particular attention to any Codes of Practice, issued by the Gambling Commission in respect of specific types of premises.

4.3.1 Adult Gaming Centres

Access

No-one under the age of 18 is permitted to enter an Adult Gaming Centre. We therefore expect the entrances to be closely monitored at all times the premises is open to the public to ensure under 18s do not gain entry.

4.3.2 Family Entertainment Centres (licensed)

Layout and Access

Family Entertainment Centres with a premises licence can admit under 18s but they are not allowed to play category C gaming machines; these are restricted to those aged 18 or over. (See Appendix E for an explanation of gaming machine categories)

The Gambling Commission will be setting conditions outlining how the area containing category C machines should be delineated from other areas. These will be applied to the operating licence issued by the Gambling Commission.

We expect the premises to be suitably monitored at all times to ensure that under 18s only use category D machines.

Other conditions to be set by the Gambling Commission

The Gambling Commission may also introduce mandatory or default conditions to

be applied to premises licensed as Family Entertainment Centres.

4.3.3 Tracks (dog track, horse track) and other sporting venues

Layout and Access

Under 18s will be permitted to enter track areas where facilities for on-course betting are provided on those days when dog/horse-racing takes place.

Under 18s will not be permitted entry to off-course betting areas.

Under 18s will NOT be permitted to enter any areas where gaming machines (other than category D machines) are provided. Category D gaming machines must be clearly physically separated from higher categories of gaming machine.

The premises licence holder will need to ensure:

- Entrances to gambling areas with rights of access are clearly marked and supervised
- Segregation of gambling areas where over 18s are permitted entry from areas where under 18s are permitted entry.
- Supervision of gaming machines at all times.

The proper conduct of betting

As track/sporting venue operators do not need to have an operating licence (although they

may have one), the track/venue premises licence will need to contain steps to ensure the proper conduct of betting.

Proper management of betting areas

The track/venue operator will have a role to play in ensuring that the betting areas are properly managed. This will include ensuring non-betting areas are adequately supervised to ensure illegal gambling operations are not established.

The number, type, location and availability of gaming machines

We expect machines to be situated in close proximity to one another not scattered around the track and to be physically supervised at all times the premises is open to the public. The Gambling Commission will be issuing further guidance on this issue. We will take note of this guidance.

Plans of the premises

Track premises applications should include detailed plans of:

- The racetrack itself
- The area that will be used for temporary “on-course” betting facilities (often known as the “betting ring”)

In the case of dog tracks and horse racecourses, plans should also include:

- Fixed and mobile pool betting facilities operated by the Tote or track operator

- Any other proposed gambling facilities.

Rules to be displayed

We will require track operators and other sporting venues offering gambling to ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed in the race-card or made available in leaflet form from the track office.

4.3.4 Casinos

Layout and Access

Casinos (other than regional casinos) may not admit anyone under 18. Regional casinos may admit under 18s but only to non-gambling areas.

The Gambling Commission will issue a code of practice for casinos, which will:

- Specify steps that the premises licence-holder must take to ensure that children and young persons (that is those under the age of 18) do not enter casino premises, or in the case of the regional casino do not enter the gambling area of the casino
- Ensure each entrance to the casino or gambling area is supervised by at least one person (“the supervisor”) who is responsible for compliance with the code of practice
- Ensure a proof of age scheme is in place to challenge anyone who appears to be under 21 unless the

supervisor is certain that the person seeking entry is an adult.

nor make any payment in connection with the machines.

Adherence to this code will be a condition of the premises licence.

The Gambling Commission will shortly issue guidance on further conditions that may apply in relation to cash-points.

- Physical supervision of gaming machines will also be needed to protect vulnerable persons.

Number, type and availability of gaming machines

Credit

The premises licence holder may not:

Licensing Authorities are required under the Act to restrict the number of betting machines, their nature and the circumstances in which they are made available. This can be done by attaching a licence condition to a premises licence (where betting is permitted in the casino). In such cases we will consider:

- Give credit in connection with the gambling taking place on the premises
- Participate in, arrange, permit or knowingly facilitate the giving of credit in connection with the gambling taking place on the premises.

- The size of the premises
- The number of counter positions available for person-to-person transactions
- Whether these are Fixed Odds Betting Terminals (FOBTs) or other gaming machines
- The ability of staff to monitor the use of the machines by under 18s or by vulnerable persons. (N.B. it is an offence for those under 18 to participate in casino gambling).

This means that casinos may not directly give credit or accept credit cards for the purchase of gambling activities (including chips)

A premises licence holder may make arrangements for cash points to be installed on the premises. These machines may accept credit cards, debit cards or both.

There are two conditions:

4.3.5 Bingo Premises

Layout and Access

- Firstly the premises licence holder has no commercial connection with the service provider (other than agreement to site the machines)
- Secondly the premises licence holder must not profit from the arrangement,

Bingo premises may admit under 18s but must ensure they only participate in playing category D gaming machines.

Where category B or C gaming machines are available in premises to which children are

admitted, the following measures will be needed:

- Category B and C machines to be located in area separated by a physical barrier that prevents access other than via a designated supervised entrance
- Only adults admitted to this area with signage to indicate this
- Area must be observable by appropriate premises staff.

Credit

The premises licence holder may not:

- Give credit in connection with the gambling taking place on the premises
- Participate in, arrange, permit or knowingly facilitate the giving of credit in connection with the gambling taking place on the premises.

This means that bingo premises may not directly give credit or accept credit cards for the purchase of gambling activities.

A premises licence holder may however arrange for cash points to be installed on the premises. These machines may accept credit cards, debit cards or both.

There are two conditions:

- Firstly the premises licence holder has no commercial connection with

the service provider (other than agreement to site the machines)

- Secondly the premises licence holder must not profit from the arrangement, nor make any payment in connection with the machines.

The Gambling Commission will shortly issue guidance on further conditions that may apply in relation to cash-points.

Further conditions

Further restrictions with respect to bingo are contained in codes of practice published on the Gambling Commission's website.

The Gambling Commission will issue further guidance on the issues to consider in licensing bingo premises: suitability and layout etc.

4.3.7 Betting premises

Access

Betting shops may not admit anyone under 18 years of age.

Number, type and availability of gaming machines

The Authority has the power to restrict the number of betting machines, their nature and the circumstances in which they are made available (as per S181). This may be done by attaching a licence condition to a betting premises licence or to a casino premises licence.

At such time we will consider:

- The size of the premises
- The physical layout of the premises
- The number of counter positions available for person-to-person transactions and
- The ability of staff to monitor the use of the machines by vulnerable persons.

Draft

5 PERMITS - WHAT STANDARDS WE EXPECT FROM APPLICANTS

Where premises do not hold a Premises Licence under the Gambling Act 2005, but wish to provide gaming machines, they may apply to the licensing authority for a permit to do so. Premises with this option include Family Entertainment Centres, alcohol-serving premises, members' clubs, miners' welfare institutes and those premises wishing to offer prize gaming. (See Appendix E for further details about gaming machine categories).

Every application will be considered on its merits. While we cannot attach conditions to permits we can refuse applications that do not demonstrate how they will meet Licensing Objective concerns. We have outlined below our standard for what is 'reasonably consistent with the pursuit of the licensing objectives'

5.1 General considerations for all permit applications

Individuals that apply for permits are permitted to have a lower category of gaming machine. However, lower category machines can be equally problematic for children and other vulnerable persons. We therefore expect the same basic standards as with other gambling premises. These are:

- Premises contribution towards research, education and treatment in the form of data, promotional activity and possibly a voluntary levy
- Data gathering and sharing

- Training of customer facing staff and managers in responsible gambling
- Intervention to protect children and other vulnerable persons from being harmed or exploited by gambling
- A suitable location for the gambling premises
- A suitable premises layout and access control (including PASS scheme) to ensure supervision or exclusion of under 18s and vulnerable persons as appropriate
- Adequate staff to customer ratio to ensure adequate supervision of gambling
- Staff should not be permitted to gamble on premises at which they work
- On premises provision of gambling advice
- Exclusion of those from gambling who appear to be under the influence of alcohol or drugs with signage to indicate this
- Safe cash handling
- Safe payment of winnings
- Adequate lighting inside and out
- Possible participation in a gambling forum

These measures are outlined in more detail in Section 4.2.

5.2 Specific types of permits and what we are looking for in respect of each

While many of our concerns with respect to gambling premises have been tackled in the previous section. Any areas we particularly

need to stress, due to differences in permit types, are outlined below.

5.2.1 Family Entertainment Centre (unlicensed) gaming machine permits

The Licensing Authority will take into account the following when taking decisions in respect of Family Entertainment Centre gaming machine permits:

- Relevant Gambling Commission Guidance
- This our gambling policy
- May (but need not) take into account the licensing objectives.

Under 18s may use category D gaming machines and participate in equal chance prize gaming, which may be offered in some premises.

In deciding whether to grant or reject applications for permits from Family Entertainment Centres, we want to be sure:

- The applicant is suitable, having particular regard to any convictions, to operate a Family Entertainment Centre
- The premises are suitable given their location and possible concerns around disorder

- The police have no legitimate concerns in respect of either the applicant or the premises.

We will expect applicants for this type of permit to demonstrate the following:

- A full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs
- That the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act – see Appendix N for details of where to find a copy)
- That staff are trained to have a full understanding of the maximum stakes and prizes
- That the applicant is a suitable person by providing such other information or documents as required on the application form
- That premises have not presented themselves in such a way as to be overly attractive to under 18s.

At the time of renewal of these permits, we may refuse an application if:

- An authorised local authority officer has been refused access to the premises without reasonable excuse **or**
- That renewal would not be reasonably consistent with pursuit of the licensing objectives. (See 5.1 for what we believe is reasonably consistent with the pursuit of the licensing objectives).

5.2.2 Premises with consumption of alcohol on the premises: gaming machine permits

The Licensing Authority will take into account the following when taking decisions in respect of gaming machine permits:

- Relevant Gambling Commission Guidance
- The licensing objectives
- Other matters that we consider relevant.

Premises licensed to sell alcohol for consumption on site (under the Licensing Act 2003) have an automatic entitlement to 2 gaming machines of categories C and/or D. The premises merely need to notify the licensing authority.

The Licensing Authority can remove the automatic authorisation in respect of any particular premises if:

- Provision of the machines is not reasonably consistent with the pursuit of the licensing objectives
- Gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act (Section 282 states that written notice must be provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and

operation of the machine has been complied with)

- The premises are mainly used for gaming
- An offence under the Gambling Act has been committed on the premises

If premises licensed to sell alcohol for consumption on site wish to have more than 2 gaming machines, then they need to apply for a permit.

The Licensing Authority may decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Every application will be decided on its merits.

Please note: Other matters 'we consider relevant' may include: the premises location; access and layout; the location of gaming machines on the premises and ability to supervise; whether under 18s are permitted on the premises; previous convictions of the person nominated under the Licensing Act 2003 as the 'DPS' or 'licensee'; and any other further risks indicated by the application.

Please note: Dependent on the conditions of their Licensing Act licence, premises with consumption of alcohol on the premises may admit under 18s. However premises must ensure under 18s do not play category C gaming machines or limited equal chance gaming which are restricted to over 18s.

Please note: the holder of a gaming machine permit must comply with any Code of Practice

issued by the Gambling Commission about the location and operation of the machine.

- Participation in the gaming must not entitle the player to take part in any other gambling.

5.2.3 Prize Gaming Permits

The Licensing Authority will take into account the following when taking decisions in respect of prize gaming permits:

- Relevant Gambling Commission Guidance
- This our gambling policy
- May (but need not) take into account the licensing objectives.

It should be noted that there are conditions in the Gambling Act 2005 with which the permit holder must comply. These are:

- Compliance with the limits on participation fees, as set out in regulations
- All chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played
- The prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize)

5.2.4 Club gaming and club machines permits

Members' clubs and miners' welfare institutes may apply for a **club gaming permit**.

The club gaming permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set out in forthcoming regulations.

Members' clubs, miners' welfare institutes AND commercial clubs may apply for a **club machine permit**.

A club machine permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).

In order to grant either of these permits to a members' club we will want to ensure that the premises meet the requirements of a members' club. They must:

- Have at least 25 members
- Be established and conducted "wholly or mainly" for purposes other than gaming, unless the gaming is permitted by separate regulations. E.g. Bridge and Whist clubs
- Be permanent in nature
- Not have been established to make commercial profit
- Be controlled by its members equally.

Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations.

Licensing Authorities may refuse an application if:

- (a) The applicant does not fulfil the requirements for a members' club or commercial club or miners' welfare institute (and therefore is not entitled to receive the type of permit for which it has applied)
- (b) The applicant's premises are used wholly or mainly by children and/or young persons
- (c) An offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities
- (d) A permit held by the applicant has been cancelled in the previous ten years or
- (e) An objection has been lodged by the Commission or the police.

For premises which hold a club premises certificate under the Licensing Act 2003, applications can only be refused if:

- (a) The club is established primarily for gaming, other than gaming prescribed under Schedule 12
- (b) In addition to the prescribed gaming, the applicant provides facilities for other gaming
- (c) A club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled.

Access

Access to under 18s will be dependent on the rules of the club. If access is permitted clubs must ensure under 18s participate in prize gaming, equal chance gaming or category D gaming machines only.

**6 TEMPORARY USE NOTICES,
OCCASIONAL USE NOTICES AND OTHER
AUTHORISATIONS**

6.1 Temporary Use Notices

The Licensing Authority are required to take into account the following when taking decisions in respect of premises licences:

- a) Relevant Gambling Commission Codes of Practice
- b) Relevant Gambling Commission Guidance
- c) Reasonable consistency with the Licensing Objectives (subject to a and b)
- d) This our gambling policy (subject to a – c).

Temporary Use Notices enable use of premises for gambling where there is no premises licence in force (e.g. hotels, conference centres, sporting venues). With a Temporary Use Notice, any such premises may be used for gambling for up to 21 days in a 12-month period.

They can be used by any person or company with a relevant operating licence e.g. to provide betting facilities at a snooker tournament, a betting operating licence would be needed. (Please note it is the Gambling Commission that issues operating licences).

The notice must be given no later than three months and one day before the day on which the gambling event will begin. The Gambling Commission, the Police, Customs & Excise and the Licensing Authority may all object within 14 days of receipt of the notice. This will trigger a hearing to be held within six weeks of receipt of the notice.

Manchester City Council will expect all premises in Manchester wanting to be granted a Temporary Use Notice to ensure the same basic standards as premises operating for more than 21 days in a 12-month period. (See Section 4.2 and 4.3 for details).

6.2 Occasional Use Notices

Instead of applying for a premises licence, tracks or other sporting venues that only intend to allow betting on eight days or less in a calendar year (starting 1 January) may apply for an Occasional Use Notice.

Tracks include horse/dog racecourses and any premises on which a race or other sporting event takes place.

The Licensing Authority and the police will both need to receive copies of the notice. There is however no provision for objections.

While Manchester City Council does not have any discretion to refuse an Occasional Use Notice, we would anticipate that all applicants would ensure the same basic standards as other tracks/sporting venues. (See Sections 4.2 and 4.3 for details).

6.3 Travelling Fairs:

Definition of travelling fair

It is important that the fair falls within the statutory definition of a 'travelling fair'. (See Appendix N for definition).

Access

Under 18s are allowed unrestricted access, but are only able to participate in equal chance gaming or category D gaming machines.

Category D machines and equal chance gaming

Where category D machines and/or equal chance prize gaming without a permit, are to be made available for use, facilities for gambling must amount to no more than an ancillary amusement (as per statutory regulations).

Number of days per year a piece of land can be used for fairs

Land can be used for fairs for up to 27 days per calendar year (regardless of whether it is the same or different travelling fairs occupying the land). We will work with neighbouring authorities to ensure any land, which crosses our boundaries, is monitored so that the statutory limits are not exceeded.

6.4 Provisional Statements

Section 4.2 of this policy in respect of premises licences shall apply equally to applications for provisional statements.

Manchester City Council notes the draft Guidance from the Gambling Commission which states that "It is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence" and that "requiring the building to be complete ensures that the authority can, if necessary, inspect it fully".

In terms of representations about premises licence applications, following the grant of a provisional statement, further representations from relevant authorities or interested parties cannot be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant's circumstances. In addition, we may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- (a) Which could not have been raised by objectors at the provisional licence stage; or
- (b) Which in the authority's opinion reflect a change in the operator's circumstances.

Manchester has noted the Gambling Commission's draft Guidance that a "licensing authority must not have regard to whether or not a proposal by the applicant is likely to be permitted in accordance with planning or building law "should not take into account irrelevant matters... One example of an irrelevant matter would be the likelihood of the applicant obtaining planning permission or building regulations approval for the proposal."

7 REGISTERING SMALL-SOCIETY LOTTERIES ETC

The Gambling Commission will regulate:

- Large society lotteries
- Lotteries run for the benefit of local authorities.

Local Licensing Authorities will regulate small society lotteries. A small society lottery is a lottery promoted on behalf of a non-commercial society, run by a small society. It is non-commercial if it is for charitable purposes, for sports, athletics or a cultural activity or a purpose other than private gain.

The lottery must be registered with the Licensing Authority throughout the period during which the lottery is promoted. We will record details of the society and keep the details on a publicly accessible register.

We will only refuse to register a small-society lottery if in the previous five years either:

- An operating licence held by the applicant has been revoked
or
- An application for an operating licence made by the applicant has been refused.

An application for registration may also be refused if we think any of the following apply:

- Applicant is not a non-commercial society

- Person who will or may be connected with promoting the lottery has been convicted of a relevant offence
- Information provided in or with the application for registration is false or misleading.

Once the lottery is registered, we can revoke the registration at any time if we feel the application if made at that time would be refused.

In either case applications for registration will only be refused or registration revoked after the society has had an opportunity to make representations.

Certain types of lottery are exempt from needing to register with either the Local Authority or the Gambling Commission. These include an incidental non-commercial lottery, a private lottery or a customer lottery.

An incidental non-commercial lottery is not run for private gain AND is incidental to a non-commercial event.

A private lottery is one in which closed sales are made to a particular group only e.g. within a society, workplace or residential premises.

A customer lottery is one in which tickets are sold on a business premises to their customers only.

CONSULTATION QUESTIONS 12-15

- Did you find all the information you needed in the policy (including the appendices) or at least a pointer to where you can find that information? What could you not find? Is more detail needed?
- Could any section of the policy be clearer or easier to use? If yes, which section(s)?
- Is our policy strong enough on ensuring gambling premises prevent crime and disorder and protect children and other vulnerable persons? What could be improved?
- Do you have any additional comments?

APPENDIX A: The Gambling Act 2005 and other related legislation

Gambling Act 2005

The Gambling Act 2005 gives effect to the reform of gambling laws. It provides a new regulatory system to govern the provision of all gambling in Britain. It does not include the National Lottery and spread betting, but does cover remote gambling.

The Gambling Act comes out of a white paper 'A Safe Bet for Success' published in March 2002. A draft gambling strategy was published in November 2003. The Gambling Act itself received Royal Assent on 7 April 2005.

The Act provides for three new types of casinos: 1 regional, 8 large and 8 small. However the Secretary of State with the approval of Parliament has the power to increase the number of regional casinos to 8.

The Act also provides for three new types of licence, as well as several permits and permissions, which allow premises the temporary provision of gambling. The Act also introduces three licensing objectives, which will ensure that where gambling is permitted, it will be done so in a socially responsible way.

The Department of Culture, Media and Sport, the Gambling Commission and local Licensing Authorities will share between them responsibility for all matters previously regulated by the Magistrates Courts.

Human Rights Act 1998

The Gambling Commission advises in its guidance to Local Authorities that in considering applications, and taking enforcement action, under the Gambling Act Licensing Authorities should bear in mind that they are subject to the Human Rights Act and in particular:

Article 1, Protocol 1 – peaceful enjoyment of possessions. A licence is considered a possession in law and people should not be deprived of their possessions except in the public interest

Article 6 – right to a fair hearing

Article 8 – respect for private and family life. In particular, removal or restriction of a licence may affect a person's private life and

Article 10 – right to freedom of expression.

Private Security Industry Act 2001

The Gambling Commission offers some advice in its guidance to Local Authorities. Section 178 relates to door supervision. It is not a mandatory requirement to impose a condition relating to door supervision. But if such a condition is attached which requires someone to be responsible for “guarding the premises against unauthorized access or occupation, against outbreaks of disorder or against damage”, section 178 provides that if such a person would normally need to hold a licence from the Security Industries Authority, the requirement for an SIA licence becomes a condition of the premises licence. However bingo premises and casino premises are exempt from the need to have licensed door supervisors by virtue of an exclusion in the Private Security Industry Act 2001 (as amended by the Gambling Act 2005).

Licensing Act 2003

As both the Licensing Act 2003 and Gambling Act 2005 are recent pieces of legislation that deal with licensed premises, care needs to be taken to distinguish the two. The former however deals with the provision of alcohol, entertainment or late night refreshment and the latter deals with the provision of commercial gambling.

APPENDIX B: Delegation of functions under the Gambling Act

Matter to be dealt with	Full Council	Sub-committee of licensing committee	Officers
Three year licensing policy	✓		
Policy not to permit casinos	✓		
Fee setting (when appropriate)			✓
Application for premises licences		Where representations have been received and not withdrawn	Where no representations received/representations have been withdrawn
Application for a variation to a licence		Where representations have been received and not withdrawn	Where no representations received/representations have been withdrawn
Application for a transfer of a licence		Where representations have been received from the Commission	Where no representations received from the Commission
Application for a provisional statement		Where representations have been received and not withdrawn	Where no representations received/representations have been withdrawn
Review of a premises licence		✓	
Application for club gaming/club machine permits		Where objections have been made (and not withdrawn)	Where no objections made/objections have been withdrawn
Cancellation of club gaming/club machine permits		✓	
Applications for other permits			✓
Cancellation of licensed premises gaming machine permits			✓
Consideration of Temporary Use Notice			✓
Decision to give a counter notice to a Temporary Use Notice		✓	

✓ indicates the lowest level to which decisions can be delegated

APPENDIX C: Criminal offences under the Gambling Act

The Act gives Licensing Authorities explicit authority to take proceedings for certain offences, some of which are summarised below. This list does not contain complete details of all such offences, and does not include in detail possible exceptions or defences. For further details, please see the appropriate section of the Act. (See Appendix L for details of where you may consult the Act).

Section	Offence
37	Subject to various exceptions to use premises, or cause or permit premises to be used to operate a casino, provide facilities for the playing of bingo, making a gaming machine available for use, provide other facilities for gaming or provide facilities for betting. <i>Maximum penalty: 51 weeks imprisonment and/or a fine not exceeding £5,000</i>
185	Failing without reasonable excuse to keep a premises licence on the premises and failing to make the licence available on request by a constable, enforcement officer or authorised Local Authority officer. <i>Maximum penalty: a fine not exceeding £500</i>
186	A premises licence holder failing without reasonable excuse to notify the Licensing Authority of a change of address or other prescribed changes of circumstances. <i>Maximum penalty: a fine not exceeding £500</i>
229	Failing without reasonable excuse to prominently display a Temporary Use Notice on the premises and failing to make the notice available on request by a constable, officer of customs and excise, enforcement officer or authorised Local Authority officer. <i>Maximum penalty: a fine not exceeding £500</i>
242	Making a gaming machine available for use unless in accordance with an operating licence or where an exception applies or in contravention of regulations issued by the Secretary of State. <i>Maximum penalty: 51 weeks imprisonment and/or a fine not exceeding £5,000</i>
258	Promoting a non-exempt lottery without an exception. <i>Maximum penalty: 51 weeks imprisonment and/or a fine not exceeding £5,000</i>
262	Promoting a small society lottery whilst not registered; providing false or misleading information to the licensing authority in connection with a statement provided under schedule 11 <i>Maximum penalty: 51 weeks imprisonment and/or a fine not exceeding £5,000</i>
326	Obstructing, or failing to cooperate with an authorised person without reasonable excuse <i>Maximum penalty: Fine not exceeding £1,000</i>
342	Providing, without reasonable excuse, information for a purpose of the Act which is false or misleading to the Commission or a Licensing Authority <i>Maximum penalty: 51 weeks imprisonment and/or a fine not exceeding £5,000</i>

-
- Sch 10 | Failing without reasonable excuse to produce a Family Entertainment Centre gaming machine permit to an enforcement officer upon request
Maximum penalty: Fine not exceeding £500
- Sch 13 | Failing without reasonable excuse to produce a licensed premises gaming machine permit to an enforcement officer upon request
Maximum penalty: Fine not exceeding £500
- Sch 14 | Failing without reasonable excuse to produce a prize gaming permit to an enforcement officer upon request
Maximum penalty: Fine not exceeding £500

APPENDIX D: Rights of Appeal

In respect of the licensing committee's decision-making, the persons listed below may appeal in the circumstances outlined. Appeals must be made to the Magistrates Court within 21 days of notice of decision being received by the appellant (with the exception of appeals in relation to Temporary Use Notices which must be made within 14 days). In each case the respondent is Manchester City Council. In certain circumstances the applicant will also be a respondent.

Circumstances	Who can appeal
Application for a premises licence is rejected	- Applicant
Application for a premises licence is granted	- Applicant - A person who made a representation
Decision taken following a review of a premises licence (whether or not any action is taken in respect of the review)	- The licence holder - A person who made representations in relation to the review - Where relevant the person who applied for the review - The Gambling Commission
Application for a transfer of a premises licence	- The licence holder - The applicant for the transfer
Decision to issue counter notice/not to issue counter notice in respect of a Temporary Use Notice	- Applicant - The Gambling Commission - Local Chief of Police - HM Revenues and Customs
Decision to remove entitlement to exempt gaming or to gaming machines in respect of specified alcohol licensed premises	- The licence holder
Application for a Family Entertainment Centre gaming machine permit or its renewal is rejected, notice is given that the premises are not being used as an FEC or it is stated that the holder is incapable of carrying out an FEC business by reason of mental or physical incapacity	- Applicant or holder of the permit
Application for a club gaming permit or club machine permit or its renewal is rejected or the permit is cancelled	- Applicant or objector
Application for a club gaming permit or club machine permit or its renewal is granted or request to cancel is refused	- Person who objected to the grant/person who made representations in relation to the proposed cancellation
Application for a licensed premises gaming machine permit is rejected, if [s]he is permitted fewer of different category of machines than applied for or if the Licensing Authority gives a notice which cancels or varies the entitlements of a permit	- Applicant or objector
Application for a prize gaming permit or its renewal is rejected	- Applicant
Application to register Small Society Lottery is refused or the registration is revoked	- The Society

APPENDIX E: Categories of gaming machines under the Gambling Act

Under the Gambling Act, gaming machines are divided into categories. These categories are defined by the maximum stake amount and the maximum prize. 'A' is the highest category, 'D' the lowest. Lower category gaming machines offer lower winnings, but also lower, more affordable and therefore more accessible stakes. The category of machines offered by premises will determine the type of premises and therefore what sort of licence, permit or permission those premises will need. (See Appendix F for more details). The information below is correct at the time of going to print, but may be amended, subject to regulations issued by the Secretary of State.

Category of Machine	Maximum Stake	Maximum Prize	Location	Maximum Number per premises
A	Unlimited	Unlimited	Regional Casino	1250
B1	£2	£4,000	All casinos (i.e. small, large and regional as well as those licensed under 1968 Gaming Act)	20 in 1968 Gaming Act Casinos 80 in small casinos 150 in large casinos
B2	£100	£500	As above plus premises licensed for betting	4
B3	£1	£500	As above plus bingo halls and Adult Gaming Centres	4
B4	£1	£250	As above plus registered clubs and miners' welfare institutes	3
C	50p	£25	As above plus premises licensed for alcohol and licensed Family Entertainment Centres	2, but may apply to Licensing Authority for more
D	10p or 30p when non-monetary prize	£5 cash or £8 non-monetary prize	As above plus unlicensed Family Entertainment Centres and travelling fairs	No limit

APPENDIX F: Number and category of gaming machines permitted according to premises type

Premises Type	Gaming machine category						
	A	B1	B2	B3	B4	C	D
Regional casino (machine/gaming table ratio of maximum 25-1)	Maximum of 1250 machines Any combination of machines in categories A to D, within the total limit of 1250 (subject to table ratio)						
Large casino (machine/gaming table ratio of maximum 5-1)			Maximum of 150 machines Any combination of machines in categories B to D, within the total limit of 150 (subject to table ratio)				
Small casino (machine/gaming table ratio of maximum 2-1)			Maximum of 80 machines Any combination of machines in categories B to D, within the total limit of 80 (subject to table ratio)				
Pre-2005 Act casinos (no machine/gaming table ratio)			Maximum of 20 machines categories B to D <u>or</u> C or D machines instead				
Betting premises and tracks with pool betting			Maximum of 4 machines categories B2 to D				
Bingo premises				Maximum of 4 machines in categories B3 to B4		No limit on category C or D machines	
Adult Gaming Centre				Maximum of 4 machines in categories B3 to B4		No limit on category C or D machines	
Family Entertainment Centre (with premises licence)						No limit C or D machines	
Family Entertainment Centre (with permit)							No limit on category D machines
Clubs or miners' welfare institutes with permits					Maximum of 3 machines in categories B4 to D		
Qualifying alcohol licensed premises <u>without</u> gaming machine permit						1 or 2 machines of category C or D automatic upon notification	
Qualifying alcohol licensed premises <u>with</u> gaming machine permit						Number as specified on permit	
Travelling fair							No limit on category D machines

APPENDIX G: Under 18s - their access to gambling areas and their ability to participate

Premises type or sector	Access to gambling areas	Participation in gambling
Adult Gaming Centres	Adults only	Adults only
Family Entertainment Centre with premises licence	Adults only in areas category C gaming machines are available.	Unrestricted participation in category D gaming machines (if in a separate part of the premises to cat. C machines)
Tracks: Off-course betting	Adults only	Adults only
Tracks: On-course betting	Adults only in areas with category C gaming machines or above.	Adults only
	Under 18s may access areas with category D gaming machines	Under 18s may play category D gaming machines if separate from category B or C gaming machines
	Adults only in betting areas except on days dog / horse racing taking place	Adults only
Casinos (except regional)	Adults only	Adults only
Casinos (regional)	Adults only in gambling areas. Unrestricted access to non-gambling areas	Adults only
Bingo	Adults only in areas with category C gaming machines or above.	Adults only except for category D gaming machines which are open to all
Travelling fairs	Unrestricted access	Unrestricted participation in equal chance gaming and playing of category D gaming machines
Betting premises (other than tracks)	Adults only	Adults only
Family Entertainment Centre with permit	Unrestricted access	Unrestricted participation in equal chance prize gaming
	Unrestricted access to category D gaming machines and prize gaming	Unrestricted participation in category D gaming machines and prize gaming
Premises with consumption of alcohol on the premises	Access dependent on the conditions of the licence issued under the Licensing Act 2003	Adults only to participate in limited equal chance gaming AND category C gaming machines Under 18s may play category D gaming machines
Prize gaming	Access depends on premises type	Under 18s may play equal chance prize-gaming only
Club gaming	Access dependent on club rules	Participation limited to members and their guests (which may include under 18s). Under 18s may participate in prize gaming, equal chance gaming or category D gaming machines only.
Lottery and football pools	Access to those aged 16 or over (subject to the type of premises on which the activities are provided)	Participation limited to those aged 16 or over
Remote gambling	N/A	Adults only except in the case of remote lottery where those aged 16 or over may participate
Fast food restaurants and other unlicensed premises	N/A	Gaming machines no longer permitted in these locations (subject to transitional provisions)
Temporary Use Notice	Access depends on premises type	Participation dependent on activity type

APPENDIX H: Our fees under the Gambling Act

This appendix will shortly contain details of application fees.

Fees will be set by the Licensing Authority of Manchester City Council. Fees will be restricted to the amount needed to recover the costs of administering the licence process up to a maximum set by Central Government.

APPENDIX I: Register of applications we receive under the Gambling Act

We will maintain a register of all applications of all premises that we issue. This will be made available on our website: www.manchester.gov.uk/licensing/gambling.

If you do not have Internet access, you will be able to get access at your local library. The register can also be viewed by contacting the Licensing Unit and making an appointment (contact details available in Appendix L).

APPENDIX J: How we share information with the Gambling Commission and other bodies

Manchester City Council may share application information received in the course of processing applications with the Gambling Commission, a constable or police force, an enforcement officer, another Licensing Authority, Her Majesty's Commissioners of Customs & Excise, The Gambling Appeal Tribunal, The National Lottery Commission, The Secretary of State or Scottish Ministers.

Manchester City Council will act in accordance with the Gambling Act 2005 in its exchange of information which includes the provision that the Data Protection Act 1998 will not be contravened.

The Licensing Authority will also have regard to any Guidance issued by the Gambling Commission to Local Authorities on this matter when it is published, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.

Manchester City Council will inform the Gambling Commission without delay if:

- The Licensing Authority receives information that causes it to question the suitability of the person holding/applying to hold an operating licence
- There are persistent or serious disorder problems that an operator could or should do more to prevent, so that the Commission may consider the continuing suitability of the operator to hold an operating licence
- If it comes to our attention that: alcohol-licensed premises or clubs or institutes are playing bingo during the course of a week which involves significant stakes and prizes and makes it possible that the £2,000 in seven days is being exceeded.

APPENDIX K: How we will uphold data protection and freedom of information

Manchester City Council will abide by the Freedom of Information Act and the Data Protection Act in its safeguarding/release of information or data. Our approach in respect of the Gambling Act is outlined below.

The Data Protection Act

The Data Protection Act places obligations on us in terms of how we process certain personal information. These stipulate that data must be:

- Processed fairly and lawfully
- Obtained and used for lawful and specified purposes
- Adequate and relevant for those purposes
- Accurate and where necessary kept up to date
- Kept only for as long as necessary
- Accessible to the data subject (who also has some other rights)
- Kept securely
- Not transferred to certain countries.

In the context of the Gambling Act, we will retain only that information which relates to the processing of applications for licences, permits, permissions and representations. We will retain such information only for so long as needed for processing.

Applications and representations in respect of applications are both in the public domain and are therefore available on request and may be published as part of our web register. Personal addresses/contact numbers attached with representations may also be released.

Information may also be shared with other Gambling Act regulators or other parties prescribed by the Secretary of State.

Data about the individual making the request is also available by contacting the Licensing Unit (see Appendix L for contact details).

The Freedom of Information Act

The Freedom of Information Act allows anybody to request access to information. Such requests must normally be made in writing whether by email or by letter. A fee may be requested and sometimes we may require more specific information as to the information required. Once specific details and fee have been received, we will handle requests within 20 days and if possible release the information. We will release all information requested in the format required unless it is in the public interest not to do so.

Any complaints as to how we handle requests should be made to the Information Commissioner (see Appendix L for contact details).

APPENDIX L: Useful contacts including responsible authorities (i.e. those parties who should be served a copy of premises licence applications)

Responsible Authorities

Responsible authorities are experts on the licensing objectives including preventing crime and disorder and protecting children and vulnerable persons from harm or exploitation. For advice on how to pursue these objectives, please contact the appropriate authority below. They will be responsible for making representations and calling for reviews if they have a licensing objective related opinion in relation to particular premises.

- (a) **The Licensing Authority** in England and Wales in whose area the premises is wholly/partly situated

Web: www.manchester.gov.uk/licensing/gambling

Email: licensing@manchester.gov.uk

Tel: 0161 234 4512

Fax: 0161 234 4412

Addr: The Licensing Unit
Room 1012 (Level 1)
Town Hall Extension
Manchester M60 2LA

For details of the Licensing Unit's complaints procedure, please contact the Unit directly.

- (b) **The Gambling Commission**

Web: www.gamblingcommission.gov.uk

Email: info@gamblingcommission.gov.uk

Tel: 020 7306 6200

Fax: 020 7306 6266

Addr: Berkshire House
168-173 High Holborn
London WC1V 7AA

- (c) **The chief officer of police/chief constable** for the area in which the premises is wholly or partially situated

Addr: Greater Manchester Police
The Chief Constable
c/o The Central Licensing Unit
Room 102
Bootle Street Police Station
Bootle Street
Manchester
M2 5GU

(d) The fire and rescue authority for the same area

Addr: North Manchester Fire and Rescue Service (if the premises have a postcode within the ranges M1-M4, M8-M9, M11-M13, M18, M25)
The Fire Safety Manager
Greater Manchester Fire & Rescue Service
Manchester Central Fire Station
Thompson Street
Manchester M4 5FP

South Manchester Fire and Rescue Service (if the premises have a postcode within the ranges M14-M16, M19-M23, M40, M90)

The Fire Safety Manager
Greater Manchester Fire & Rescue Service
Withington Central Fire Station
Wilmslow Road
Withington
Manchester M20 4AW

(e) The local planning authority

Addr: Manchester Local Planning Authority
(Premises Licences)
PO Box 463
Town Hall
Manchester M60 3NY

- (f) The Council constituted under section 2 of the Local Government etc (Scotland) Act 1994
- (g) **Environmental Health** (an authority which has functions in relation to pollution to the environment or harm to human health)

Addr: (Gambling Licences)
PO Box 463
Town Hall Extension
Manchester M60 3NY

- (h) **The Local Safeguarding Children Board** (a body, designated in writing by the licensing authority as competent to advise about the protection of children from harm)

Manchester City Council has considered which body could best fulfil the function of advising us about the objective of *protecting children from being harmed or exploited by gambling* and has chosen the Local Safeguarding Children Board.

Addr: Licensing Administrator
Manchester Safeguarding Children Board
3rd Floor, Victoria Mill
10 Lower Vickers Street
Miles Platting
Manchester M40 7EL

- (i) **HM Revenue & Customs**; and
- (j) Any other person prescribed in regulations by the Secretary of State.

Gambling Commission

The Gambling Commission as well as being a responsible authority will be responsible for issuing operating licences and personal licences.

The Gambling Commission also publish Codes of Practice outlining how gambling operators, premises and staff should promote the licensing objectives. Copies of the Guidance and the Codes of Practice are available on the Gambling Commission's website.

Contact details listed as item (b) above.

National Lottery Commission

Responsible for the national lottery

APPENDIX N: Glossary

Adult Gaming Centre

An Adult Gaming Centre is a place of gambling, which excludes entry to children (persons under the age of 16) and access to 'young persons' (persons aged 16 or 17) due to the presence of gambling activities thought unsuitable for under 18s.

An Adult Gaming Centre may have:

- Up to four category B3 or B4 gaming machines
- Any number of category C or D machines

Categories of gaming machines are outlined in Appendix E.

An Adult Gaming Centre requires an 'Adult Gaming Centre premises licence' under the Act.

Betting

See 'Gambling'.

Betting premises

As well as betting shops, the definition of 'betting premises' also includes those parts of tracks that allow on-course betting.

Bingo

There are essentially two types of bingo:

- Cash bingo, where the stakes paid make up the cash prizes that can be won
- Prize bingo, where various forms of prizes can be won, not directly related to the stakes paid.

Casino

A casino is an arrangement whereby people are given an opportunity to participate in one or more casino games.

Casino game

A game of chance, which is not equal chance gaming.

Children and young persons

For the purposes of the Gambling Act 2005, 'children' are defined as persons under the age of 16. 'Young persons' are those aged 16 or 17 years of age.

Commercial gambling

See 'Gambling'.

Department of Culture, Media and Sport (DCMS)

Responsible for producing the Gambling Act 2005 and regulating Gambling in conjunction with the Gambling Commission and Local Authorities.

Disorder

'Activity that is more serious and disruptive than mere nuisance. Factors to consider in determining whether a disturbance was serious enough to constitute disorder would include whether police assistance was required and how threatening the behaviour was to those who could see or hear it. There is not a clear line between nuisance and disorder' (Gambling Commission Guidance 5.12).

Equal chance gaming

Gaming which does not involve playing or staking against a bank.

Family Entertainment Centre (licensed)

A licensed Family Entertainment Centre requires a premises licence by virtue of its providing category C and D gaming machines.

Family Entertainment Centre (unlicensed)

An unlicensed Family Entertainment Centre does NOT require a premises licence by virtue of its providing only category D gaming machines. It does however require a Family Entertainment Centre gaming machine permit.

First Appointed Day

The date on which Licensing Authorities will receive applications for premises, permits and permissions to carry out commercial gambling under the Gambling Act 2005 in their area. This date has been set as January 31st 2007.

Frivolous

See 'irrelevant'.

Gambling

Gambling is defined in the Act as *gaming, betting* or participating in a *lottery*.

Gaming is defined as playing a game of chance for a prize. A *game of chance* is a game, which involves both an element of chance and an element of skill, or where chance can be eliminated by superlative skill, or where the game is presented as involving an element of chance. The game cannot however include a sport.

Betting is defined as making or accepting a bet on the outcome of a race, competition or other event or process or on the outcome of anything occurring or not occurring or on whether anything is or is not true. It is irrelevant if the event has already happened or not and likewise whether one person knows the outcome or not. (Spread betting is not included within this definition).

A *lottery* is defined as either a simple lottery or a complex lottery. A *simple lottery* is one where persons are required to pay to participate and one or more prizes are allocated to one or more members of a class, and the prizes are allocated by a process which relies wholly on chance. A *complex lottery* is where persons are required to pay to participate and one or more members of a class, and the prizes are allocated by a series of processes where the first of those processes relies wholly on chance. *Prize* means money, articles or services provided by the members of the class among whom the prize is allocated. (It should be noted that the National Lottery is not included in this definition of lottery and is regulated by the National Lottery Commission).

Gambling Act 2005

Primary legislation that reforms prior gambling legislation and sets out the three licensing objectives in accordance with which decisions about premises licensed for gambling and some other gambling permits will be taken.

Gambling Commission (see Appendix K for contact details)

The Gambling Commission has replaced the Gaming Board for Great Britain as the regulator of all commercial gambling in Great Britain (other than the National Lottery administered by the National Lottery Commission and Spread Betting administered by the Financial Services Authority). The Gambling Commission will take a lead on formulating codes of practice to aid gambling premises meet the licensing objectives.

Gaming

See 'Gambling'.

Gaming machines

Any machine allowing any sort of gambling activity including betting on virtual events. Exceptions include mobile phones, home computers etc. A fuller list is contained within the Gambling Act.

Hearing

In the context of the Gambling Act a hearing is an opportunity (where representations have been received) for the licensing committee to hear evidence for and against the granting of an application for gambling. In light of this evidence and the principles outlined in this policy they will make a decision about whether to grant the application and conditions necessary to promote the licensing objectives.

Interested party

For the purposes of the Gambling Act, an 'interested party' is a person who either:

- a) Lives sufficiently close to the premises to be likely to be affected by the authorities activities

To determine who lives 'sufficiently close to the premises', we will consider the following on a case-by-case basis:

- The size of the premises
- The nature of the premises
- In the case of interested parties the distance of the premises from the address of the person making the representation
- The potential impact of the premises (number of customers, routes likely to be taken by those visiting the premises)
- The type of complainant. E.g. it could be reasonable for an authority to conclude that "sufficiently close to be likely to be affected" could have a different meaning for (a) a private resident (b) a residential school for children with truanting problems and (c) residential hostel for vulnerable adults
- The 'catchment' area of the premises (i.e. how far people travel to visit).

- b) Has business interests that might be affected by the authorised activities

To determine who has 'business interests that might be affected by the authorised activities', we will consider the following on a case-by-case basis:

- The size of the premises
- The nature of the premises

- In the case of interested parties the distance of the premises from the address of the person making the representation
- The potential impact of the premises (number of customers, routes likely to be taken by those visiting the premises)
- The 'catchment' area of the premises (i.e. how far people travel to visit).

c) Represents persons who satisfy paragraph (a) or (b)

We believe it is in the best interests of ensuring the responsible management of gambling premises if local and expert knowledge is taken into account wherever relevant. To this end we consider the following parties may 'represent persons who satisfy paragraph (a) or (b)'

- Residents' associations and tenants' associations
- Trade associations and trade unions
- Local councillors and MPs
- Any other person with written permission from somebody who satisfies paragraph (a) or (b).

Please note: Whether or not a person is an 'interested party' under (a),(b) or (c) above is ultimately the decision of the Licensing Authority which issues the licence or to which the application is made.

Irrelevant, frivolous, vexatious

A representation may be rejected if it found to be irrelevant. It is only relevant if it meets one or more of the following criteria. It must:

- Relate to the licensing objectives
- Raise issues noted in this our gambling policy
- Raise issues under the Gambling Commission's Code of Practice
- Relate to the premises that are the subject of the application

AND

- Neither be frivolous, vexatious nor will certainly not influence the authority's determination of the application.

Licensing Authority

The Local Authority for the area, which is responsible for licensing matters and issuing licences.

Licensing committee

A committee of the Licensing Authority, which will hear applications. It will be constituted of elected members.

Licensing objectives

Objectives in accordance with which licensing decisions are made. The three objectives are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- Ensuring that gambling is conducted in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

Lottery

See 'Gambling'.

Non-commercial gaming

See 'Private or non-commercial gaming'.

Occasional Use Notice

An Occasional Use Notice is for use by tracks where there is betting on eight days or less in a calendar year. In these circumstances, betting may be permitted by an Occasional Use Notice without the need to apply for a full premises licence.

Operating licence

Operating licences enable the licence holder of different premises types to operate that type of gambling premises. See Gambling Commission for details. There are ten types of operating licences:

Casino operating licence – enables holder to operate a casino

Bingo Operating Licence – enables holder to provide bingo facilities

General Betting Operating Licence – enables holder to provide betting facilities other than pool betting

Pool Betting Operating Licence – enables holder to provide pool-betting facilities

Betting Intermediary Operating Licence – enables holder to act as a betting intermediary

Gaming Machine General Operating Licence – enables holder to make gaming machines available for use in either an *Adult Gaming Centre* or *Family Entertainment Centre*

Gaming Machine Technical Operating Licence – enables holder to manufacture, supply, install, adapt, maintain or repair gaming machines within Categories A-D

Gambling Software Operating Licence – enables holder to manufacture, supply, install or adapt gambling software

Lottery Operating Licence – enables holder to promote a lottery

Remote Operating Licence – enables holder to carry on activities in respect of remote gambling or by means of remote communication.

Personal Licence

Licence required by at least one person occupying a management office for gambling premises. Exceptions are for members' clubs and small-scale operators (to be confirmed). This person will be named on the operating licence. An operating licence cannot be issued without a personal licence holder.

Applications for personal licences must be made through the Gambling Commission. A personal licence lasts indefinitely unless it lapses or is surrendered, forfeited or revoked.

Pool betting

For the purposes of the Gambling Act, pool betting is made on terms that all or part of the winnings:

- Shall be determined by reference to the aggregate of the stakes paid or agreed to be paid by the persons betting
- Shall be divided among the winners or
- Shall or may be something other than money.

For the purposes of the Gambling Act, pool betting is horse-race pool betting if it relates to horse-racing in Britain.

Premises

'Premises' is defined in the Gambling Act as 'any place'.

In light of this, only one premises licence may be issued for any particular premises at any one time (except in the case of track where there can be more than one premises licence provided each licence relates to a specific area of the track). It is for the Licensing Authority to decide on a case-by-case basis whether different parts of a building can be properly regarded as being separate premises. The Gambling Commission does not however consider that areas of a building that are artificially or temporarily separate can be properly regarded as different premises.

Vessels are also considered to be premises for the purposes of the Act. The definition of a vessel is:

- Anything (other than a seaplane or amphibious vehicle) designed or adapted for use on water
- A hovercraft or
- Anything, or part of any place, situated on or in water.

The vessel must not be permanently moored or berthed. Other types of vessel are not permitted to allow commercial gambling.

Premises licence

A licence that allows a premises (including a vessel as defined below) to carry out gambling activities. Premises licences will not be time-limited. There are five types of premises licence:

- Casino Premises Licence
- Bingo Premises Licence
- Adult Gaming Centre Premises Licence
- Family Entertainment Centre Premises Licence
- Betting Premises Licence.

Please note: Holding an operating licence is a precondition of being granted a premises licence. The only exception is with respect to betting premises licences, which allow tracks to be used for accepting bets without the requirement of holding an operating licence.

Prize gaming

Gaming is prize gaming for the purposes of the Act if neither the nature nor the size of the prize played for, is determined by reference to the numbers of persons playing or the amount paid for or raised by the gaming.

Prize gaming permit

A prize gaming permit authorises a person to provide facilities for gaming with prizes on specified premises.

Private or non-commercial gaming

Gaming is private where:

- It takes place in a private dwelling and on a domestic occasion
- There is no charge for participation
- It is equal chance gaming (this requirement is not applicable for domestic or residential gaming)
- It does not occur in a place to which the public have access.

Betting is private where it is domestic betting or workers' betting. *Domestic betting* is that where the betting is made on premises in which each party lives. *Workers' betting* is betting made between persons who have a contract of employment with the same employer.

Gaming is non-commercial where it takes place at a non-commercial event. Such an event is where no part of the proceeds is used for private gain. There are specific additional requirements for non-commercial prize-gaming and non-commercial equal chance gaming.

Betting is non-commercial where no party enters into the betting in the course of a business or holds himself/herself out as being in business in relation to the acceptance of bets.

Regulation

In the context of the Gambling Act, regulation is a means to ensure gambling is carried out in accordance with the principles outlined in this policy which itself is directed by the Gambling Act 2005 and guidance from the Department of Culture, Media and Sport and the Gambling Commission.

Remote gambling

Gambling in which people participate using the Internet, a telephone, television, radio or other kind of technology for facilitating communication.

Representation

A statement of opinion possibly including suggestions as to how any concerns may be addressed. Only those matters that are relevant to the promotion of the licensing objectives may be considered and in the case of interested parties where they are neither frivolous or vexatious.

Responsible authority

A public body that must be notified of applications and that is entitled to make representations to the Licensing Authority in relation to applications for, and in relation to, premises licences. They may also request a review of the premises licence. In all cases, the representation/review must relate to the licensing objectives.

Responsible authorities are experts in various areas relating to the licensing objectives and as such are able to ensure commercial gambling premises maintain high standards. Under the Gambling Act 'responsible authorities' (as listed in Appendix L) are responsible for pursuing the licensing objectives in relation to commercial gambling premises.

Second Appointed Day

The date on which licences granted under the Gambling Act 2005 will take practical effect. This date is 1 September 2007.

Spread betting

Spread betting is regulated by the Financial Services Authority (see Appendix L for contact details).

Temporary Use Notice

A Temporary Use Notice allows the use of premises for gambling for up to 21 days in a 12-month period where there is no premises licence. The gambling operator (with an operating licence) may use any premises temporarily for providing facilities for gambling (e.g. a hotel, conference centre, sporting venue).

Travelling fair

For the purposes of the Gambling Act, 'fair' means a fair consisting wholly or principally in the provision of amusements. It is a travelling fair if it is provided wholly or principally by persons who travel from place to place for the purpose of providing fairs and is at a place no part of which has been used for the provision of a fair on more than 27 days in that calendar year.

Tracks

Tracks are sites (including horse tracks and dog tracks) where races or other sporting events take place.

Vexatious

See 'irrelevant'.

Vessel

See 'Premises'.

Vulnerable adults

While the Gambling Commission does not attempt to define 'vulnerable persons', it does offer a working category, which includes:

- People who gamble more than they want to;
- People who gambling beyond their means; and
- People who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs.

See Section 4.1 of this policy for further detail.

Young persons

See 'Children and young persons'.
