Addition of Area 1+2+3+4-5-6

Demographics Addition of Area 1+2+3+4-5-6

- The inclusion of the extra areas increases residents by 1,636 to 10,642 and households by 596 to 4,040.
- This makes little difference to the key demographics.
- The proportion of males reduces negligibly, appearing the same at 48.5%.
- The proportion of residents stating their ethnicity as Asian in Census 2021 increases very slightly from 7.8% to 8.2%.
- The proportion of residents stating their ethnicity as White reduces slightly from 57.8% to 57.3%.
- The proportion of under 20's increases slightly from 33.2% to 33.9%.
- The proportion of over 65's reduces slightly from 10.9% to 10.7%.
- There are zero residents in the areas suggested for removal.
