

English transcript

1. Recycle all paper and cardboard items including cartons and magazines. Don't forget items from your bathroom such as toothpaste boxes and toilet roll tubes. **00:00:11:20**
2. All these items go into your blue recycling bin. **00:00:19:02**
3. Recycle plastic bottles, glass bottles and jars and food and drinks cans. **00:00:26:25**
4. Don't forget tin foil and trays. **00:00:29:15**
5. Remove bottle tops and place in your general waste bin. **00:00:31:27**
6. All these items go into your brown recycling bin. **00:00:36:18**
7. Line your kitchen caddy with a compostable green liner and place all your food waste into it, such as apple cores, bones and plate scrapings. **00:00:42:21**
8. Once full, place in your green recycling bin, which can also be used for garden waste. **00:00:47:00**
9. Before you run out of green liners you will find a tag in the centre of your roll, attach this to your green bin on bin day to request more from the crew.
10. Alternatively you can pick these up for free from your local library. **00:00:59:01**
11. Side waste next to your bin will not be accepted and is considered as fly tipping which is illegal. **00:01:06:07**
12. Present your bins with the wheels facing the road without obstructing the pavement, so it is easily accessible to the crew. **00:01:13:06**
13. If you receive a tag on any of your recycling bins because the wrong items are in it, you need to check the recycling guidelines on the back of the tag and remove the incorrect items. **00:01:21:09**
14. General waste is placed in your grey bin. **00:01:26:24**
15. These items include nappies, plastic bags, pots, tubs and trays and film. **00:01:35:12**
