

**MANCHESTER**  
CITY COUNCIL

## **DISTRICT CENTRE REVIEW**

PREPARED BY: PLANNING STRATEGY CHIEF EXECUTIVES DEPARTMENT,  
MANCHESTER CITY COUNCIL

MAY 2007

## **INTRODUCTION**

---

### **PURPOSE**

The purpose of this review is to provide a comprehensive depiction of the current shops and facilities in each district centre that are available to the local residents. This review will provide a 'health check' of the current situation within the district centres and aims to provide up-to-date data on the current shops and facilities within the district centres.

### **CONTEXT**

There are a total of 16 district centres in Manchester which have all been assessed individually in this review. The data for the district centres was collected manually by visiting each area and walking fully within the designated boundary. A systematic list was compiled of the shop names and facilities in each area.
