

Title	Regulation 113	
Abstract	The City Council is required to publish performance data for the financial year on payments of valid and undisputed invoices within 30 days.	
Description	The data is included within Manchester City Council's Open Data Catalogue and refreshed annually after the end of each financial year.	
Source	Manchester City Council's Finance SAP system.	
Date created	15/11/2019	
Date issued	15/11/2019	
Coverage	<p>The proportion of invoices that were paid in accordance with those obligations, expressed as a percentage of the total number of invoices that were, or should have been, paid in accordance with those obligations</p> <p>The total amount of any liability (whether statutory or otherwise) to pay interest which accrued by virtue of circumstance amounting to a breach of those obligations</p> <p>The total amount of interest actually paid in discharge of any such liability (including any which had accrued before the beginning of the period to which the statistics relate)</p> <p>*Invoices imported to the Councils finance system from other internal systems which have been disputed cannot currently be identified, therefore approximately 80% of all invoices paid are included in reported payment figures with the exception of April and May where no disputed invoices from any source were removed.</p>	
Frequency of update	Annual
